LOCAL COLD WAVE TO BE OF SHORT DURATION

HOOVER-COOLIDGE SILENCE IS GETTING ON WILL'S NERVES

(Special To The News)
NEW YORK, Feb. 20.—How do we stand all this uncertainty? Here it is only ten days till inauguration time and we don't know what Mr. Hoover is going to do, and we don't know what Mr. Coolidge is going to do.

Lindbergh is the only one of our three prominent men who is not ashamed to have it known in advance what he is going to do.

Mr. Hoover ought to, out of courtesy to its members, announce his cabinet at once, for just lots of times a cabinet attracts more attention between the time they are announced, and the time they take seats, than they ever do afterwards.

Yours,
WILL.

PA NEW OBSERVES

Constables and the local representative of the state bureau of animal industry have started their dog war. Every one has been given plenty of time to get to the court house to get their canines the coveted badge, and if they are not already licensed, look for the man with the gun and authority to kill your dog.

Dog overseers report that since you not only shoot the dog but arrest the owners who fail to get the license, there have been fewer dogs without licenses. Occasionally someone does register their dog but it is very rare nowadays. Concentrated efforts on all farmers to have dogs tied and licensed have aided this. Dogs in the past killed thousands of dollars worth of other farm animals yearly.

It seems to Pa. News that there is a great interest in the city on plays and drama of various sorts. Just whether the visit here of Mr. Sothern had anything to do with it is not known.

The little theatre idea for a city is one that deserves praise. Most cities the size of New Castle have little playhouses. Local talent writes many of the plays and in this way a number of the greater dramatists have received their start.

Speaking of authors, Pa. News would like to know how many professionals and embryonic novelists there are in the city. He imagines that if all of the literary aspirants were gathered together there would be quite a group.

A small collection of coins is also owned by William Park of Hamilton street. Although Mr. Park has no old coins, he has several of the past century half dimes, two cent pieces and a white cent.

Winter certainly did a comeback this morning. Reports in temperatures vary from around zero to four and six below. Downtown it was a few degrees above zero.

Street department men had to get busy again this morning hauling snow off the downtown streets. Some hundreds of truck loads of snow have been hauled off the streets this winter. Likewise the snow sweeper of the traction company has been kept busy.

If you want to aid in getting New Castle on the air mail route as a regular stop as projected by the Chamber of Commerce use the air mail service whenever possible. There will have to be an increase in the volume of air mail here if the stop is to be arranged for.

Mrs. John W. Shaffer of Cunningham avenue, writes to Pa. News that she has a small collection of coins. The collection includes some 19th century American money and a number of foreign coins.

A one cent piece of 1794 is included in the coins in the possession of James Malosh who resides at R. D. 1, this city.

Plans are about complete for the dedication exercises at the George Washington Junior High school on Friday. Pupils of the school are eagerly awaiting the day for it will (Continued On Page Two)

Frigid Wave To Moderate Soon, Says Forecaster

TEMPERATURE TO RISE RAPIDLY

Many Sections Of Country
Report Below Zero This
Morning

(International News Service)
Bitter cold, ice and snow hold western Pennsylvania in their grip today, while cataclysmic temperatures, ice and snow held sway over the central and eastern portions of the state. Relief is in sight, however, beginning late tonight, with a predicted seasonal warm wave coming from the northwest and due to sweep across the state.

While the thermometer fell to around 30 degrees below zero in parts of northwestern Pennsylvania, and 39 degrees in temperature of from 20 to 39 degrees recorded in central and eastern regions, the balmy weather which paid the state a fleeting visit has vanished and snow returned with its attendant hazards to motorists on the highways.

Lowest at Kane
Included in the official temperatures recorded over night were Kane and Tionesta, both reporting readings of 20 degrees below, with many other western Pennsylvania towns and cities reported six to 15 degrees below; Scranton reported eight degrees above; and Philadelphia 17 above, a drop of 39 degrees since four o'clock yesterday. Harrisburg reported an overnight decline of approximately 20 degrees.

The weather report for western Pennsylvania predicts warmer temperatures tonight, coming out of the northwest, which today is reporting temperature rises. Bismark, N. D., recorded a 62-degree rise since yesterday. Forecaster Brotzman at Pittsburgh declared the rising temperatures will follow and at as rapid a rate as did the cold wave which set the state shivering overnight.

Cold Wave In Other States
Pennsylvania was not the only state to be overwhelmed by the current cold wave. Chicago reported 11 degrees below zero and from 12 to 43 below in its suburbs. The cold wave there followed a springlike period and caught many persons unprepared. (Continued On Page Two)

East Brook Says 20 Below Zero

Pulaski Reports 14 Below;
About 4 To 6 Below In
New Castle

While different sections of Lawrence county reported low temperatures To The News this morning, and while New Castle itself reported temperatures near six below, nevertheless it is believed that East Brook with its report of 20 below set today's record for the county. Lower temperatures have been reported from that section at different times this winter.

Downtown this morning thermometers on the buildings and posts registered two and six above at 8 o'clock while thermometers in the hill outskirts registered 4 to 6 below.

Pulaski reported that 14 below was the coldest there.

Old Sol made valiant attempts to get through the frosty mists this morning but failed to do so until late forenoon. His rays meant little to the pedestrians on the streets even when they did break through. At noon however the mercury had climbed a little.

VENANGO COUNTY GRIPPED BY COLD

(International News Service)
FRANKLIN, Pa., Feb. 20.—Coldest temperatures of the winter held Venango county in a tenacious grip today, the mercury being almost hidden from view in the tube as 20 degrees below was recorded.

Tionesta, Forest county, reported 20 degrees below. Other temperatures were Hampton Station and Coopersburg, 18 below; Cochran, 16 below; Pleasantville and Sandy Lake 15 below; Titusville 14 below; Clintonville 10 below, and Franklin six below.

Little or no relief is in sight for today, weather prognosticators decree.

Twenty Below at Kane
KANE, Pa., Feb. 20.—The mercury hit a low mark of 20 degrees below zero in an official reading at the Spring Water company here today, just two degrees above the lowest of the winter to date.

Miss Eleanor Busang, city nurse, who recently underwent a very serious operation at the New Castle hospital, has been removed to her home on Englewood avenue. Her condition is reported as being much improved.

(By GEORGE E. HOLMES

WASHINGTON, Feb. 20.—If there ever had been any doubt about the drys being in the saddle in Congress—booted and spurred and riding hard—that doubt was dispelled today.

The dying 70th Congress, with only 10 days of life left, is overwhelmingly dry.

Incoming Congress Dryer.
The new 71st which comes into being with the advent of the Hoover administration, will be still dryer. Patently, therefore, any legislative reform or moderation of prohibition is projected into those far distant realms where the eye at present cannot reach.

The senate demonstrated this in a most conclusive fashion by adopting the drastic Jones bill, which more than doubles the present penalties for violation of the Volstead act. Under its provisions it would be possible for a judge to send a hip-flask toter to prison for five years and impose a fine of \$10,000.

Passes By Big Vote.

Or Nearby Points

(International News Service)
NEW YORK, Feb. 20.—Over 150 persons injured in panic or overcome by smoke which followed a fire in a stalled Hudson river tube train last night, seven were reported today in a serious condition.

More than 1,000 commuters, bound to their New Jersey homes, were crowded into the seven-car train when it was stopped by a short circuit as it attempted to run through an oil and grease fire blazing in the roadbed where the tracks dip down far beneath the street to pass under the river. The short circuit killed the power.

Panic Starts
Flames beneath were reflected on the windows of a car midway in the train. Frightened passengers rose and started toward the front of the train. Women cried out, excitement increased and people began to push each other. The emergency lights went out.

Panic was born in the trapped crowd when an order was given that they must go back through the burning car to the rear of the train in the rush to the rear most of the injuries occurred.

Calm finally prevailed as the passengers reached the end of the train where the smoke was not so thick. They escaped to the Christopher street station, 1,000 feet away, by climbing through other trains stalled behind.

U. S. Preparedness

Observance of the 31st anniversary of the sinking of the Maine in the harbor of Havana, Cuba, which caused the Spanish-American War, was fittingly observed at the annual banquet meeting of Colonel Daniel Leasure Camp, No. 24, United Spanish War Veterans, and its auxiliary, North Jefferson street.

More than a hundred persons sat down to the sumptuous dinner served by the auxiliary shortly after 6:30 o'clock and thoroughly enjoyed that part of the evening's program.

The banquet tables were most artistically decorated with the national colors and choice cut flowers, also candles.

Vets of Three Wars Present.
Featuring the affair was the presence and participation in the affair of veterans of three wars of the United States. Representatives of each of the three groups participated in the speaking program and vied one with the other in extolling the virtues of the men of the other wars, while some of the speakers urged the need of preparedness.

The crowd being assembled about the table in the banquet room of the Legion Home, the Rev. N. B. McClung, pastor of the Plaingrove United Presbyterian church, and a veteran of the Spanish-American War, offered prayer.

Following a fine course dinner, including chicken, biscuits and many other delicacies, F. P. Knowles, chairman of the banquet committee, called the meeting to order and introduced (Continued On Page Eighteen)

Third Of Desperado Fugitives
Is Caught By Officers
This Morning

PAT McDERMOTT.

(International News Service)
COLUMBUS, O., Feb. 20.—Joe Russo, one of the five convicts who made their getaway from the Ohio State penitentiary here early Tuesday, was captured at Shadeville, seven miles south of Columbus, this morning.

Russo was the third to be returned to solitary confinement in the state prison. Pat McDermott and Mike Jacko having been caught in a quarry near here at 11:30 o'clock last night, following a short, cold, hungry and haunted liberty.

McDermott is serving a life sentence for the murder of Don Mellett, Canton, O., newspaper publisher. Jacko also is a "lifer."

Re-capture Is Effected
Deputy Sheriff John S. Crumley and Charles Williams came upon the two half-frozen fugitives as they huddled about a small fire in the tower of Casparis Quarry, near here. The officers rushed the men, expecting stout resistance, but the desperadoes were too nearly frozen to resist. The temperature was close to zero.

The snow that covered their tracks and aided them in their escape finally proved their undoing. Crumley and Williams picked up the trail of the convicts near Cambridge boulevard and followed it two and a half miles to the quarry tower.

When searched at the penitentiary each of the prisoners had in his possession a small paring knife and each man was wrapped in a "sucker." They refused to tell where they got either the knives or the coats.

The trees are bleak out along the creek, and the pathway is covered with snow, but soon will be seen, like the upstarts of green, and the shrubs will be starting to grow. The boughs that are forsted will throw off the ice, and the shoots will be emerald hue, and down on the banks of the ice covered creek, the eddies will force their way through. And although it is bleak in those dells that I love, still it won't be so long till the spring. Till the robins and larks journey back from the south and the bull frogs will soon start to sing. Let the winter hang on, let the snow stick around, let the sky keep its color of gray, but the spring will be here ere we know where we're at, the weather is eighteen today.

Want Names On Mail Receptacles

Post Office Department Asks Apartment House Tenants To Aid

WILL AID SERVICE TO LOCAL PATRONS

In order to facilitate the work of the carriers and to promote more efficient delivery service the postoffice department is inaugurating a drive to have the names of tenants in apartment houses placed on mail receptacles and has requested the postmaster of New Castle to co-operate in this drive by requesting landlords and tenants of the city to have placed on mail receptacles the names of all persons who receive mail in those boxes.

The postoffice department has printed a form to be distributed in all mail boxes requesting the persons receiving mail in those boxes to have their names placed upon them and Assistant Postmaster General John H. Bartlett states that these printed forms will be available to all postmasters.

The department is anxious to have the names of all tenants placed on the mail receptacles as well as the names of any other persons who may receive mail in those boxes.

Great confusion prevailed at the scene of the wreck, which was near the plant of the American Milling Co., where many of the men work. The switch engine crashed into the train at a crossing.

The train left Peoria at 7:10 a. m. The wreck occurred 10 minutes later. The Peoria terminal railway is only a 10-mile long line, operating over the short route between Peoria and Pekin. Its chief traffic is switching and moving trains to accommodate workmen of the industrial districts of the two cities and Bartonville.

LITTLE HOPE SEEN FOR MODERATION OF DRY STATUTES

(Continued From Page One)

gress has seen in years. The vote was 65 to 18. It now goes to the house.

Its fate in the lower chamber is uncertain—not because the house is any wetter than the senate, for it is more arid—but because the short time remaining of the present session and the parliamentary situation may prevent its getting to a vote.

The intention of the dries is to rush it to victory in the house in the next ten days. The wets hope to stop it.

Dries in Control.

It is a situation in which the voice of Herbert Hoover, the incoming president, may conceivably play some part. Certainly, if Mr. Hoover indicates by so much as a lifted eye-brow that he wants it acted upon by the house it will pass in a hurry. The dries are in the saddle, they control the committees and the votes, and they can, if necessary, ride roughshod over all opposition. The house is a more disciplined body than the senate.

The president-elect's position with regard to the bill is not known. He has not expressed himself, at least publicly. He said during the campaign that prohibition was "a noble experiment that must be worked out constructively," but he did not then, nor has he since, so far as is known, committed himself directly upon the Volstead act.

Doubles Penalties.

The senate's action in adopting the Jones bill now doubles the drastic features of the Volstead act.

Dr. Republicans, however, assume that Mr. Hoover is in favor of putting more teeth in prohibition enforcement, and they assume also that the Jones bill meets his approval. Right or wrong, that is their assumption, and it is upon that assumption that not a few of his dry supporters in the senate voted down all moderating amendments to the Jones bill.

After Senator E. J. McMahon (R.) of Connecticut proposed one softening amendment and Senator Blaine (R.) of Wisconsin proposed another, the dries accepted a compromise amendment which "invited" the courts to "discriminate between casual or slight violations and so-called regular bootlegging or attempts to commercialize violations of the law."

The maximum penalty strength displayed at any time during the voting was revealed to be slightly in excess of 20. On the final showdown there were 18 votes against the bill, five Republicans and 13 Democrats.

Four Republicans who usually are classed as "liberal" voted with the dries—Reed of Pennsylvania, Moses of New Hampshire, Edge of New Jersey and Coughlin of Michigan.

St. Vincent's, Bellevue and other hospitals as they crawled or were carried to the street after more than an hour and a half of blind scrambling in the oven-like heat of the burning train and the dense acid smoke of the blazing grass and insulations.

Other hundreds were treated for partial asphyxiation at drug stores, improvised first aid stations and private homes near the scene.

The greater number of passengers in the stalled train lived in Jersey City and Newark, N. J., and nearby New Jersey cities. Of those taken to hospitals most were suffering from gas poisoning. Others were overcome by smoke. Some were being treated for burns, cuts or bruises. Scores went to their homes after recovering in hospitals from the shock of the experience.

Blame is Placed. New York, Feb. 20.—Out of all the horror that 1500 persons underwent for two hours in the Hudson tube fire panic, official action came swiftly today, placing the blame on the Hudson and Manhattan Railroad company.

Tracks strewn with papers and grease resulted in the flaming puddle over which a seven-car train stalled 1000 feet west of the Christopher street station, the transit commission reported today after an all-night investigation.

It issued orders to the railroad company for an immediate cleanup of the tube, warning that "the commission insists that this condition be corrected" to prevent similar horrors.

and suffering is keen among the poor of the city.

The severe drop in temperature was preceded by a heavy snowfall which was general over the Middle West. Many Middle West rural sections are isolated by reason of clogged roads and crippled wire communications. Hundreds of telegraph and telephone wires snapped under the weight of snow and ice.

There is an average depth of four inches of snow throughout the southwestern part of Pennsylvania, the Department of Highways reported. Allegheny, Beaver, Fayette, Greene, Washington and Westmoreland county highways were cindered at dangerous curves and grades, and all roads are open to two-way traffic, the department announced.

ATTRACTIVE DINNER BY DORCAS SOCIETY

Tall red tapers and patriotic colors formed an attractive decoration for the ninth annual birthday anniversary dinner of the Dorcas society of the First United Presbyterian church Tuesday evening in the Y. W. C. A.

An elaborate menu was served in the third floor dining room at 6:30 with the social committee in charge. Covers were laid for 22. Dr. and Mrs. S. E. Irvine, Mrs. Lizzie M. Davidson and Mrs. Cooperider were special guests.

Mrs. Magill of New Wilmington, a returned missionary from Egypt gave the principal address of the evening. Mrs. Magill told in a most interesting manner of the work carried on at the United Presbyterian station in Egypt. A solo number was given by Mrs. Harvey Molendrop, accompanied on the piano by Miss Helen Swang.

A special feature of the evening was a shower for two members of the society who were brides of the winter. Those honored were Mrs. Thelma Taylor Coates and Mrs. Jean Roberts Forest. Many lovely gifts were received. Mrs. McCaughy made the presentation speech.

L. A. B. Club.
Mrs. James McCulloch entertained the L. A. B. Club members at an evening party in her home on Warren avenue. Eleven members were present, and special guests were Mrs. William Ray, Mrs. Norman McKee, Mrs. Davis, and Mrs. Annie Williams.

Various games and music were pastimes of the evening. The hostess served dainty refreshments assisted by her daughter, Mrs. William Ray. Pink and white tones were used in decoration.

ENDS COLD QUICK WAY DOCTORS NOW ADVISE

Tempting Taste! Instant Relief
—Then Cold Quickly Disappears
When Treated This Way

No longer is it necessary for colds to cause needless misery or risk of pneumonia, according to experiences of numbers of New Castle people. For doctors are now advising home use of a pleasant hospital method that gives almost instant relief—then quickly drives the cold out of one's system.

Mrs. Alice McNeil, for example, neglected a cold because it was mild at first. A day later congestion started to spread rapidly, she felt "achy" and feared pneumonia. On the advice of her doctor then she started using double strength doses of Ayer's Pectoral—a hospital-certified medication of wild cherry, turpentine and other ingredients now used by leading clinics.

Relief began instantly! With the first pleasant swallow she felt its comforting, healing warmth—her nose passages deep down into her chest. In a few hours the "feverish," "achy" feeling was relieved; congestion began to clear

up, and in another day or so, the doctor reports, all trace of the cold was gone.

Note: Other cases reported daily— all certified by attending physician.

Just a few pleasant spoonfuls of Ayer's Pectoral now and you, too, will feel like a different person tomorrow. At all druggists, 50c; or twice as much in \$1.00 hospital size.

Club Institute For County Federation

Gratifying results were accomplished at the first club institute of the Lawrence County Federation of Women's clubs which took place Tuesday in the Y. W. C. auditorium with Mrs. Charles Greer, president, presiding.

An executive board meeting preceded the morning session which was opened at 10 o'clock with prayer by Mrs. T. W. Phillips, the singing of "America," led by Mrs. W. J. Caldwell and the flag salute.

The morning hours were given over to business of the clubs and the Wampum club was asked to be in charge of the March meeting.

Telegrams were sent to Senator George T. Weingartner and Mrs. McCauley, endorsing the sterilization bill. Mrs. Charles Greer will represent the County Federation at a club institute at the Congress of Clubs in Pittsburgh February 27. Other delegates are Mrs. S. M. Matheny, Mrs. Norman Ehrlich, Mrs. Harry Marshall, Sr. and Miss Mollie Davis.

Announcement was made of a rummage sale to take place at the Neighborhood house the first week in March in charge of Mrs. Earl Ramsey.

It was voted that a ways and means committee be appointed by the president and that the school visitors by the educational committee should continue.

Several fine reports were heard from various committees at this time. Mrs. S. D. Pearson of the community service committee told of the work that is being accomplished. Prizes for bird houses have been offered for the county schools, the bill board and the school visitors.

Advertisers have been asked not to renew their contracts, trees are to be marked in Oak Park cemetery and a number of other projects are also under way.

Mrs. W. C. Eckenrood of the Garden club told of the "Road of Remembrance" or the road between New Castle and New Wilmington which will be planted with trees. A play will be presented in the senior high school auditorium April 11 and 12 to help finance this work. The Garden club will also have an open meeting March 7 in the George Washington Junior high school when Mr. Shippin of Cleveland will be the speaker.

The meeting of the third Tuesday in April will be featured by an exhibit of early American glass in charge of Mrs. John Emery and several three-minute talks will be given on various phases of this interesting subject.

It was decided that the homes of the Federation members be opened for the teachers who will attend the convention in our city and the money be turned in to the Federation treasury.

Mrs. William Cecil will then in charge of awarding the prizes for the best essays written by students of the senior high school on the subject "The Renunciation of War as a National Policy." The three best essays were read and prizes awarded to Anastasia Barnes, senior, Annie Jean Jackson, junior, and Margaret E. Thomas, sophomore.

The prizes, concerning Mrs. William Cecil and Mrs. W. A. Taylor, a petition will be sent to the state.

Mr. and Mrs. P. W. Roberts, South Ray street, entertained members of the N. H. Garden Club, and their husbands as guests at an anniversary dinner in their home, Tuesday evening. An elaborate menu was served at 6:30 o'clock, and covers were laid for 15. Color tones of red and white were carried out in the appointments. Mrs. Harry Hancock and Mrs. Charles Probst assisted the hostess in serving.

The after dinner hours were enjoyed by the guests with 500 and music. The regular club meeting in two weeks will be with Mrs. Charles Probst, Bell avenue.

Need a woman's hands
say - "I have no maid"?

305 leading beauty shops answer:

"With all our experience, we are unable to distinguish between the hands of a woman who never washes dishes and those of a housewife who uses Lux in the dishpan."

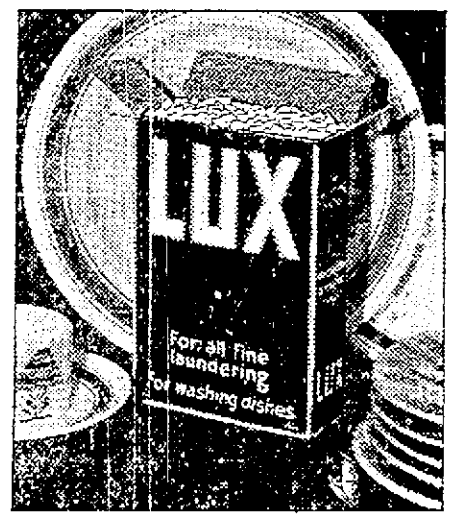

JUST IMAGINE—here is beauty care right in your dishpan—the wisest, most inexpensive beauty care known!

Every time you wash dishes in Lux your hands receive the soothing, gentle care that keeps them white and soft—and it costs almost nothing! Lux for all your dishes costs less than 1¢ a day!

Compare this with the expensive care many women of leisure give their hands. Have hands just as lovely—at almost no cost!

The secret is this: the gentle Lux suds protect the delicate oils of the skin, while ordinary soaps dry these beauty oils. That is why Lux gives your hands beauty care—right in the dishpan!

And remember—Lux for dishes means lovely hands for less than 1¢ a day.

A REMINDER OF TRAGEDY

TO BE or not to be, is a question put more persistently than dramatically by Ford's theater, scene of the shooting of President Lincoln, in Washington. Exercising its prerogative, congress has talked interminably about what, if anything, is to be done with the old structure, and probably will still be talking when the building finally falls victim to decay or progress.

Doubtlessly, the building long ago would have given way to a new and modern structure but for its importance as a mecca for visitors to the national capital and because of the debate that has waged in congressional halls for decades whether the theater should be preserved as a museum or obliterated as a reminder of the nation's greatest tragedy.

The fact that hundreds of thousands of visitors to Washington in the course of a year ask to be shown the scene of Lincoln's assassination would indicate that not all persons agree with the view of Congressmen Underhill, of Massachusetts, that every vestige of the scene of the execrable murder which shocked humanity should be obliterated; that the living, not the dying, Lincoln, pitifully stricken by the assassin in one of the foulest crimes of recorded history, be the memory enshrined in the hearts of Americans.

Neither is universal approval given the plan of Representative Yates, of Illinois, who wants the theater reconsecrated as national headquarters for the Grand Army of the Republic. Alas, the veterans of the Civil War are being summoned so rapidly to the "bivouac of the dead" that this bit of sentiment comes too late. Something can be said for turning it into a Lincoln museum.

GREATNESS

A BOOK, characteristic of America, is that classic entitled, "Who's Who," the true inwards of which is only discerned when one knows that the contents were written by each personage himself.

A search through these pages of self-praise is a rewarding work. But the question of who is great cannot always be fathomed in this volume of greatness. Here and there the truly great have penned a few terse sentences, confined to pure fact; while the half-great and the would-be-great have adorned their names with degrees and affiliations, and have not spared the adjectives of honor.

Which reminds us, by way of contrast, of the self-written eulogy of Thomas Jefferson, in the form of an epitaph. Twice president of the United States, this man wrote an estimate of his importance to the world in general, in one brief paragraph, to be chiseled on the enduring marble for the contemplation of the ages: "Here lies buried Thomas Jefferson, author of the Declaration of Independence, of the Statute of Virginia for Religious Freedom, and Father of the University of Virginia."

Twice a resident of the white house, and yet no reference to it as a mark of greatness. Nor was Jefferson's judgment at fault. The declaration still lives, religious liberty is nation-wide, and the university he founded is still serving his native state.

A Who's Who of true greatness would prove an absorbing volume, if it recorded the great ideas sponsored by its characters, and not the petty milestones of a busy life.

Incidentally, it would not bulk large.

MELLON VINDICATED

SECRETARY MELLON'S persistent advocacy of lower surtaxes on incomes in the higher brackets as a way to divert surplus income from investment in tax free securities and bring the money into channels of trade and public treasuries has been conclusively vindicated.

Adoption of this principle, after obstinate opposition in congress, made possible an almost spectacular enlargement of exemptions in the lower incomes, thus distributing the benefits over all classes of taxpayers and proving groundless the charges heard in congress that the administration was scheming to shift the burden of supporting the federal government from the rich to those of small means.

The diffusion of substantial benefits among the great majority of wage-earners and persons with salaries under \$3,000 is seen in the surprising fact that income tax revenue has increased while the number of taxed has dwindled. The only possible deduction is that persons with large incomes are paying more taxes at the prevailing lower rates than when excessive surtaxes were in force.

Men and women with moderate incomes have been the direct beneficiaries of a wise tax policy that has but lightly touched their incomes, if it has tolled them at all, without embarrassing the government's finances.

It is not a new principle that the treasury has adopted. Every government learns that the successful tax is one that is more profitable to pay than to evade. There is a limit beyond which the public will not or cannot pay, and when that limit is reached human ingenuity will find a way to "beat the government."

Garbage men worked harder before salads were invented.

A good sport is a fellow who figures fun is worth the trouble.

The person who pines over his hard luck needs to spruce up a bit.

A Mistaken Grand Duke.
Happy Mule.
The Reticulated Python.
Optimistic Wall Street.

By ARTHUR G. BRISBANE
(Copyright, 1929, King Features

Grand Duke Cyril Vladimirovitch, head of the Romanoff family, and luckily for him outside of Russia, thinks he will be czar. He is mistaken, but his statement that he would keep the present Bolshevik system of government, extending it a "logical, constructive phase", is enlightening.

Relations of the czar apparently have discovered that Bolshevism, giving the land instead of blows to the peasants, and education instead of ignorance to the masses of Russia, interests Russians.

Just now Russia is more interested in the question, "What happened to Trotsky?" than in any visionary grand duke's plans. Whether Trotsky has been "suppressed" or what has happened to him nobody knows. It is dangerous for a deposed revolutionary leader to disagree with those in power.

"Honest Ben", a mule having worked many years for the city of Atlanta, now old and feeble, was to be slaughtered and fed to the lions in the zoo.

Atlanta's kind-hearted Mayor Ragsdale will buy the mule and pension him.

A kind thought. Many an old man that cannot be fed to the lions because under-hearted laws forbid it, while they don't forbid old men and women to worry themselves to death, might almost wish they were deserving mules.

"De Gustibus non est disputandum" which means "there is no quarreling with another man's taste."

A young Chicagoan, formerly a reporter at \$18 a week, suddenly heir to a fortune of \$1,000 a day, has decided how to spend his money.

He will go to Borneo, hunting for a "perfect specimen of the reticulated python," biggest reptile known to man. He takes a scientific expedition with him, and his time will not be wasted.

But how many things could other men think of if they had \$1,000 a day, leaving the reticulated python to his own devices?

Another week opening finds Wall Street refusing to be scared to death. Speculators are like "old dog Tray, ever faithful." Grief cannot drive them away.

Jack up the interest rate, and still they say, "I think stocks are going to be worth more, and so I am going to buy them." The prices lifted up their little heads as soon as the market opened, and kept them up.

One comforting fact for gentlemen who speculate in stocks, paying 12 and more per cent for money. Federal Reserve Bank in 1928 made a net profit of \$64,053,000 or \$91,000,000 more than in 1927. It seems only reasonable that the Federal Reserve Bank efficient in putting up interest rates, should get a good share of the profit.

Clarence Darrow, able lawyer, says the crime wave is due to "the curb on liberty."

Lack of liberty may distress some, not many. Bootlegging, turning over to criminals hundreds of millions formerly collected by the government on sales of alcoholic drink, makes crime profitable. And that's what accounts for the crime wave. A man that once, with difficulty, earned \$5 a day, now earns \$500 or \$5,000 a day, easily, if willing to take the risk.

Dr. Osbaldeston, veteran of the Crimean War, nearly 100 years old, decided that life wasn't worth while and killed himself.

As a preliminary the old man went shopping for a cheap funeral. He had to spend only \$100, was willing to accept a coffin of plain boards, but nobody would bury him for so little.

When everything else has been investigated it might be worth while to investigate the high cost of dying.

Many a widow made herself poor and in debt after paying for a husband's funeral. Thinking it a disgrace to question prices, where the loved one is concerned, women often pay \$600 for a coffin that cost the undertaker \$80. And they hire long strings of automobiles that the corps does not need.

Many women are in the British Parliament. One hundred more of them will run for Parliament presently, seven of them with titles of nobility. Here we only have four women in Congress, able women all four, but not enough.

Pleasant news is the announced discovery of potato beads in Texas and New Mexico.

The beads, said to equal in quality German potato deposits, cover 25,000 square miles.

As we hope it will be possible to let farmers have some of that fertilizing material at a fair profit to those that dig it.

OLD FASHIONED REMEDIES

Who caught a cold

In days of old.

With remedies was piled.

Old ladies gray

Dropped in to say

What surely should be tried.

About the bed

They stood and said:

"The inflammation pure

Rub goose grease warm

Upon his form

If you'd effect a cure."

All winter long

With goose grease strong

They rubbed my back and chest.

They'd nightly toll

With camphor oil

And terror-stricken lest

The dreaded croup

Should make me whoop

They'd also brew for me

A sticky mass

Which killed a glass.

Well-known as flaxseed tea.

Decoctions vile

Of camomile took

I was compelled to take.

While senna brown

I swallowed down

That stubborn cold to break.

They brewed a dish

Of licorice

And tar and glycerine

And, if that failed,

I was assailed

With lard and kerosene.

All winter long

Of camphor strong

An odor I possessed.

To school or play

I went my way

With goose grease on my chest.

Nor can I tell

What made me well.

Was I by flaxseed cured?

Or did I survive

And stay alive

Despite the woes endured?

Settlement Of Roman Question
Called Epochal World Event

Triumph Of "Tolerance And Common Sense" Seen By
American Newspaper Observers; Some Suggest
Sign Of Reaction

An epochal event in the world's affairs as well as a development of extreme importance to the Catholic church and the Italian nation is the settlement of the Roman question by the American press in the signing of the concordat between the Vatican and Italy. There are some suggestions that any connection between church and state is reactionary, but newspaper observers generally agree with the view, as expressed by the BINGHAMTON PRESS, that this was a triumph for "tolerance and common sense."

"Tolerance and common sense have triumphed in Italy," declares the BINGHAMTON PRESS, "when history records the most important event of 1929, the reconciliation of the Vatican and the Italian government which will have a chief place, if not the ranking place, in the world's annals."

"It is obviously an event of great consequence to the entire world," in the opinion of the PHILADELPHIA RECORD, which adds: "The question of the temporal power of the Papacy has on many occasions agitated the Christian world. Now the nation which is closest to this problem has recognized the Papal claim, and an historic breach is bridged by good will."

"The vital issue was recognition of the right to rule. Temporal power, then, the pope will have; but it is agreed that it will only be a base from which spiritual influence emanates."

While recording that many Catholics fear "more harm than good" from this development, the KANSAS CITY JOURNAL-POST states that "from the standpoint of the church, the solution is ideal," that "it is a victory for the church, but it is a defeat for the state."

"The settlement is a triumph for the church, but it is a defeat for the state," says the BIRMINGHAM NEWS, which adds: "A momentous step—a distinctly reactionary one—has been taken by the Papacy as well as by the Italian government. It is undeniable that this intelligence from Rome can find sympathy or support even in enlightened Catholic circles of this country, or of this hemisphere."

Undoubtedly, non-Catholics will not fail to reflect upon what has come to pass with a very lively sense of apprehensiveness.

"Anything that tends toward union of church and state is dangerous," in the judgment of the ANNISTON STAR, "and it is better that there are many good Catholics in this country who share this opinion. It is an anachronism, something out of line with the spirit of the age."

"If it is misunderstood, taken to be an effort to re-establish the supremacy of Gregory's time and a move toward the pushing of Italy's designs, it might have been better from his own standpoint for the pope to remain a 'prisoner' suggests the GRAND RAPIDS PRESS. "Tact and great restraint will be required in the next few years to establish the new Papal state."

"There is more than a possibility," concludes the BALTIMORE EVENING SUN, "that they have regarded their problem too much from the point of view of the great areas of the world where Catholicism has grown and flourished largely because of its purely spiritual nature."

"The most pleasing feature of the settlement at this time," according to the LITTLE ROCK ARKANSAS DEMOCRAT, "is that peace has come to Italy in its breach with the church at Rome and each side apparently feels that it has won an epochal victory."

The ST. LOUIS GLOBE-DEMOCRAT comments: "A question likely to be long discussed is whether Pius XI or Mussolini concedes the more in reaching the agreement that will be signed among the important events of 1929. Some of the merely superficial aspects of this stroke for Papal temporal power are not uninteresting. For a principle for which Pius IX contended in vain, Pius XI obtains recognition. A status which Garibaldi and his Red Shirts upset in 1870 is restored in part by Mussolini and his Black Shirts, nearly 60 years after."

On the subject of canon law, that paper says: "What this may mean for Italy will be a matter of absorbing interest in every capital of the world. Many of the forms and technicalities of ordinary law are said to have originated in the canon law. However much revised when codified in 1917, it is certain that its principles are undeluged among them the principles based on the Catholic view as to marriage and divorce, education as a church function and censorship over public expression."

"As to the rules established by the church, the WASHINGTON STAR observes: 'There is no parallel for this concession in any existing state.' Quoting a dispatch which it says

is from Rome, it adds: 'The Vatican has conceded the more in reaching the agreement that will be signed among the important events of 1929. Some of the merely superficial aspects of this stroke for Papal temporal power are not uninteresting. For a principle for which Pius IX contended in vain, Pius XI obtains recognition. A status which Garibaldi and his Red Shirts upset in 1870 is restored in part by Mussolini and his Black Shirts, nearly 60 years after.'

Plan To Present Two More Plays

Dramatic Fraternity Will
Stage Number Of Plays
At Westminster

STUDENTS' PLAY MAY BE GIVEN

(Special To The News)
NEW WILMINGTON, Pa., Feb. 20.—Bells and Buskin, dramatic fraternity at Westminster, met last night in the music conservatory to make plans for the presentation of two or more plays during the next three months. The meeting was called by Professor A. T. Cordray, faculty manager and advisor to the organization. A decision to have frequent meetings within the next few weeks preceding the Easter recess was reached, and a committee was appointed to work on selection of a number of plays to be presented by the club. In all probability, a play written by Douglas Anderson of Philadelphia, a member of the junior class, will be presented by the campus thespians. Anderson has written a one-act play in verse on the death of Shakespeare, and has a three-act fantasy called "Orethids for Pygmalion" which would stage well. The productions of the organization will, it is hoped, be presented in the little theater of the new main building.

Topic for the Week
"LENT AND MY WORK"
Memory Verse for Wednesday
"I have finished the work which
thou gavest me to do" (John 14:4).
(Read: Mark 4:23 to 33.)

MEDITATION: These are surprising words. In that brief life what has been accomplished? The sower had cast his seed into the ground, leaving the earth to bring forth fruit of itself. As for me perhaps I over-estimated myself. It may be my vanity or my ambition that reproaches me. God may not expect so much of me as I think. And I am impatient of results. I would be sower and reaper too, which may not be. If I have reaped that wherein I spent no labor, shall I not sow for harvest that I will never see?

PRAYER: O God who art Lord of the seed time and of the harvest and who alone dost bring fruitfulness unto the labors of men, accept my unfinished tasks. Let no sense of failure dampen my ardor or embitter my heart. Comfort me with the assurance that nothing put into the life of men is ever lost, that no labor spent for Thee is in vain. Amen.

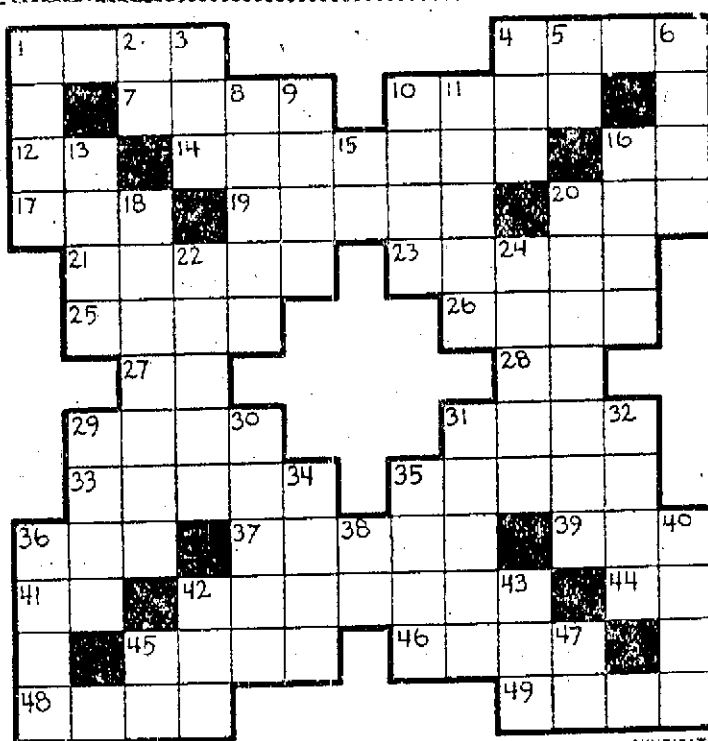

Fortune Is Made In Jackrabbits

(International News Service)
HUTCHINSON, Kas., Feb. 20.—Koon C. Beck of Hutchinson, "the man who his friends say will buy anything," has made a small fortune because he saw in Kansas jackrabbits something no one else saw—a paying proposition. Fifteen years ago Beck launched the marketing of Kansas jackrabbits and cottontails. With his brother, John Beck, he trekked over the prairies hunting rabbits. When they had killed enough for a shipment they packed and sent them to Chicago. Their first shipment made them \$300. The following year they made a contract to supply 100 dozen hares every week to a Chicago commission house. During the World War the "rabbit king" received and filled the largest order he ever received—an order to supply 1,200,000 rabbits for cantinements. Later Beck had a felt manufacturer test the jackrabbit fur for felt purposes and found that the felt proved very successful. Since that time millions of pelts have gone to market through Beck's hands alone. "The harvesting" of jackrabbits begins in November and lasts through until spring at the Beck place.

WIFE JAILED FOR MURDER NOW BLAMES HUSBAND

(Atlanta, Ga., Feb. 20.—) Breaking a silence of five years, asserting her innocence and blaming her husband for the crime for which she is still in prison, Mrs. Nora E. Duren, alleged murderess, has applied for a parole. The woman declared in her petition that she accepted the blame for the murder of Ira James on the threat of violence by her husband. Since her conviction, she said, her husband has sold their joint property for his own benefit, and divorced her after she deeded the property to him in the belief that he would use it to procure her freedom.

CAKE-WALKING IN THE CLEARING

Little Fear-No-Harm had forgotten all about how he had hopped upon that rock by the side of the pool and flapped his wings and tried to drum just like his father. Peter did not remind him—he was too much interested in what was going on over in the clearing. "Look!" cheeped Fear-No-Harm suddenly. "Look, boy, my father is dancing. And that was exactly what Mr. Partridge was doing. One step forward. Glide, glide glide! Two steps to the left. Hop, hop, hop! Three steps backward. Strut, strut, strut. With every feature in his tail spread until it looked like a great feather fan with wings drooping at his side the old fellow went through all the movements of the Grouse Cake-Walk and all the while he looked as solemn as an owl. At last Mr. Partridge stopped and stood perfectly still in the center of the clearing and all the Cook Partridges cried "Tut, tut, tut, fine, fine, fine" and loudly flapped their wings. Little Fear-no-Harm was so excited he began to twitter out loud, forgetting what his mother had told him. "Cheep, cheep. None of father's friends can dance like that. And I shall dance too, some fine day, mother says so. Oh I want to dance right now. I can spread my tail. I know I can. I feel my feathers rising. Oh, mother look! I can spread my tail wide open. Now I am going to dance."

"Look, boy, my father is dancing." Mother Partridge turned around and spoke in a sharp whisper. "Be quiet you foolish child or I shall send you right straight home. Didn't you promise you would make no noise? Do you want to get the boy into trouble?" "Remember Two-Leg's safety depends upon father and his friends not finding out he is here until I have had a chance to tell them why he has come. Dear, dear, dear, I am afraid your father has heard you! He is certainly upset about something. Father ought to be watching that other bird dance, but just look at how he is going on!" Fear-No-Harm, frightened for once in his young life, shrunk into the shadows, close against the boy. Peter could feel his little body trembling.

CONNECTICUT FARMERS SPURN DAYLIGHT TIME

(International News Service)
HARTFORD, Conn., Feb. 20.—Connecticut will continue having public clocks that show standard time while private clocks and watches run, in the summer, on daylight saving time. Legislators from New Haven and Waterbury attempted to repeal a law that compels owners of clocks on the outside of buildings to show nothing but standard time. Legislators from the rural districts, who dislike daylight saving, voted down the city representatives when the matter came to the legislature. Connecticut farmers object to daylight saving because they have to work an hour later at night in order to get their chores done.

OTHER HAPPENINGS IN BORO DISTRICT

(Special To The News)
WAMPUM, Feb. 20.—Citizens in the borough were all given quite a scare Monday about three p. m. The fire whistle commenced blowing, not once, but several times. People were running every direction, even the firemen with the truck, trying to locate the fire, but couldn't find any, and even went to Newport, but none there. Residents here have become acquainted with the practice whistle, but when it blows more than once it creates some excitement.

INJURED BY FALL

Fire Call Comes From East Brook

But Blaze Is Extinguished Before Fire Chief Starts For Village

Fire Chief Charles Lynn received a telephone call from East Brook at 7:30 o'clock on Tuesday night informing him that the McKee store at that place was on fire and that immediate help was desired.

The fire chief and his assistants hurried necessary equipment into the chief's car and was just leaving the station for the scene when another call came stating that the fire was out and that additional aid was not necessary. Little damage was done to the store, the last call said.

INJURED FIREMAN NOW RECOVERING

Walter McAnaney, city fireman stationed at the central department on South Jefferson street, who was painfully injured on February 5 when he slipped on a line of hose at a fire on Cascade street, paid a visit to the department this morning. His condition is greatly improved and it is likely that he will be in active service again within the near future.

Loosen Up That Cold With Musterole

Just Rub It In

Have Musterole handy when a cold starts. It has all of the advantages of grandmothers' mustard plaster without the burn. You feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, cramp, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frostbitten feet, colds of the chest. It may prevent pneumonia and flu.

Traffic Bodies To Meet Tonight

Matter Of Through Traffic
Stop Signs Will Be Considered At Session

An important meeting of the official and unofficial bodies of the New Castle traffic commission will take place in the office of Mayor William H. Gillespie tonight at 7:30 o'clock, it is announced.

At this session it is expected that the commission will adopt a new thru street stop sign standard for use in the city in the near future. Two sample standards have been obtained and will be exhibited tonight.

Following their decision as to which type of stop sign will be adopted, the members will proceed with other minor details relative to where they shall be located, the height at which they shall be placed and at what distance from the street intersection they will stand.

Reserve Officers Will Meet Thursday

Members of the local Reserve Officers unit will meet Thursday evening at 8 o'clock in the office of Capt. Melvin L. Craig at the U. S. Army headquarters in the Temple building.

were 12 members present. After singing "Some Glad Day" prayer was offered by Mrs. Pattison and a number of sentence prayers were also given. The program was in the form of a Frances Willard memorial service and consisted of readings. The memorial fund investment was told by Mrs. Pattison. Frances Willard prayer by Mrs. Bevan, Frances Willard memorial poem by Mrs. Wallace and a reading by Mrs. Lowery. Mrs. Coates read a letter from the state W. C. T. U. president, Mrs. Ella George.

The following charity report was given: 41 sick calls, seven letters of sympathy, six quarts of fruit, three glasses of jelly, three dozen cookies, one dozen oranges, one cake, two dozen doughnuts, one box of candy, four baby garments, two potted plants, \$5 given for flowers.

form of a twelve dinner. The business meeting was conducted by Mrs. M. Book. Miss Sue Platt led the devotionals. There were 11 new members received at this meeting. Twenty-three calls on the sick were reported.

Following the program a pleasing program was given. Mrs. Garth Kennedy sang a solo and a very interesting history of the life of Frances Willard was given by Mrs. S. B. Copeland. Mrs. Agnes O'Neill also sang a solo number.

The next meeting will held at the home of Mrs. Leslie on Huron avenue.

Brakeman Is Fatally Hurt

Youngstown Man Is Killed
In Hazleton Yards Early
This Morning

Paul E. Madison, aged 28, Youngstown brakeman on the Pennsylvania railroad, was instantly killed at 1:20 Sun-

o'clock this morning when he was at work in the Hazleton yards of the company.

Reports reaching division offices here say that Madison was seen to go in between two freight cars. It was then that he supposedly slipped and fell beneath the car. Just what work he was doing is not known.

Madison, who had been employed by the Pennsylvania for some time, lived with his mother at 1507 Butler street, Youngstown.

Mr. Hoover has been made a tenderfoot in the Boy Scouts. A lot of cabinet hopefuls are afraid that means one good deed a day between now and March 4.—The New York Herald.

Game Protectors Distribute Food
HARRISBURG, Feb. 20.—Despite an unusually mild winter in many parts of the state, game protectors have found it necessary to distribute food for birds and animals because of the heavy sleet which remained unbroken. Special attention was paid to sections where there are wild turkeys.
Unless there are heavy snows so spring approaches the protectors report that the present winter will be unusually mild because of the availability of game food.
A special bulletin on winter feeding of game has been prepared and will soon be ready for distribution.

Blue Laws, New Constitution And Birth Control Legislation Before State Body
COME BEFORE EACH SESSION REGULARLY
By WILLIAM B. BROWN.
International News Service Staff
HARRISBURG, Feb. 20.—As often as the Pennsylvania legislature meets which is every two years, a concerted effort is made to loosen some of the shackles imposed by past generations of law makers.
At least three issues have come before Pennsylvania legislators for more than a decade and each time ended in defeat. The first always is an attempt to liberalize the so-called Sunday Blue Laws which have been in effect since 1794. The second is to amend an act passed in 1870 which makes punishable by fine and imprisonment giving of birth control information either verbally or written. The third is to get rid of the State Constitution passed the same year.
Interpretation and enforcement of the old Blue Laws always has been the subject of much controversy. Strictly interpreted little but church attendance would be legal. It is generally accepted that operation of automobiles under the Blue Law is illegal and that sale of commodities of any kind could be banned.
As a result of enforcement of the law varies widely. In some sections of the state sports of all kinds are permitted while in others an effort to give a free Sunday concert is liable to result in immediate arrest. Whenever possible state authorities have kept clear of the controversy allowing it to be settled locally and in accord with the sentiment prevailing in any particular community.
Incorporated in an old act forbidding dissemination of obscene literature is a section which forbids anyone including physicians and druggists from giving birth control information regardless of the circumstances surrounding the case.
At each session a fight is made to amend the act so that it will not apply to lawfully practicing physicians and their married patients.
Paving the way for a new state constitution is another regular issue which met defeat at the hands of the voters when it did manage to get legislative approval.
The present instrument has been amended 32 times. An attempt was made at the last election to add another 14 amendments to the list but only four were approved.

Co. B Will Meet Thursday Evening
Co. B, 125th Engineers will meet Thursday evening, February 21 at 8 o'clock in the Armory, Neshannock avenue, instead of Friday evening. The change is made on account of Friday being a holiday.

INSTEAD of exercise

on court or links, try the little exerciser in the vest-pocket box for a dime!
Physicians say Cascarets give your bowels as much real exercise as you get from an hour of hard play! They are made from Cascara Sagrada, which stimulates the peristaltic action and exercises the bowel muscles. Oils, salts and ordinary laxatives don't act like Cascarets. These things only produce mechanical or chemical action, which really weakens the bowels.
Every time you take Cascarets your bowels become stronger. That's the reason they give lasting relief from constipation, biliousness, headaches, indigestion, bloating, etc. That's why 20 million boxes are used a year!

What Shall I Do for Gray Hair?

By ALICE STRAWN

I am often asked for a good way to restore gray, faded or streaked hair. While there are many preparations on the market for the purpose, I know of nothing better than a mixture of good old sage tea and sulphur. You can either prepare the mixture at home yourself, or as most women prefer, buy it already prepared and ready to use.

The correct recipe, improved by the addition of other ingredients, may be had in Wyeth's Sage & Sulphur Compound. All druggists carry it and since the cost is only 75c a bottle, there is really no need for any woman to go to the bother of preparing it herself. You would be surprised if you knew the number of men and women who employ Wyeth's Sage & Sulphur because its use is undetectable.

You simply moisten a comb or a soft brush with it and draw it through your hair, one small strand at a time. By morning the gray disappears and another application or two sees your hair beautifully and evenly restored to its full original color. There is no suggestion of that hard, dyed look that repels fastidious women. I advise any woman—or man—whose hair is turning gray to try Wyeth's Sage & Sulphur.

CHICAGO BUS DRIVERS TO GET CHANGE IN UNIFORM (International News Service)

CHICAGO, Feb. 20.—Following a series of "unofficial" conferences between U. S. army authorities and officials of the Chicago Motor Coach company here, it was announced new uniforms for coach drivers would be selected because the present uniform greatly resembles that worn by a colonel in the army.

Army colonels in Chicago have frequently been embarrassed in the past when kind old ladies stop them on the street and ask when the next bus leaves.

IOWA PLANS FURTHER TAX ON CIGARETTES (International News Service)

DES MOINES, Feb. 20.—The "cigarette habit" may become even more costly in Iowa.

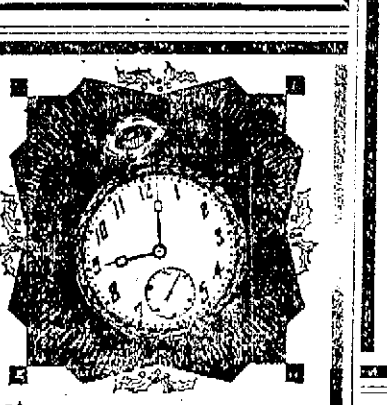

A bill now pending in the state legislature would raise the commonwealth's "tag" tax from 2 to 3 cents on every 15-cent package of the short smokes.

If adopted the measure would bring about \$600,000 additional annually into the state's treasury.

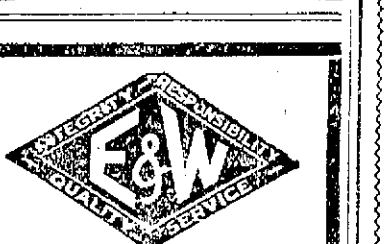

February for its own part never has pretended to be anything but a winter month.—The Sioux City Tribune.

State Senate To Have But Short Session Today

Little Remains On Final Action Calendar In State Senate Today

PLAN ADJOURNMENT TILL NEXT MONDAY

By WILLIAM E. BROWN
International News Service Staff Correspondent

HARRISBURG, Feb. 20.—With little on its final action calendar but repeaters the senate is expected to hurry through a short session today and then adjourn for the week.

Bills listed for advancing on the calendar include that of Senator William D. Mansfield, Allegheny, to curb appointment and operation of coal and iron police. It is expected that it will not meet with any opposition and be ready for a final vote next Monday.

The senate will adjourn with one of its most regular hearings out of the way and another to come next week. As always before little opposition developed to the measures intended to curb the prevalence of crime but by the same rule passage of any of the measures with real "teeth" is believed doubtful.

To Hold Public Hearings.
Next week will come what the legislature hopes will be the one and only hearing necessary on election reform measures. The election committees of both houses will hold a public hearing at 1:30 next Tuesday. Consideration will be limited to the two voting machine measures. One is expected to pass but unless there is more evidence of public interest in the other measures before the committee their hope of ever reaching the floor is doubtful.

Until the usual demands for hearings has been met little more progress is expected on any of the more important measures. Both houses usually accord that privilege when the demand becomes sufficiently evident but whether they result in any concrete accomplishments always remains a subject for argument.

With the demand for action on the anthracite tax repeal bills quieted for the time being the senate will adjourn with the highway building and taxation problems farther than ever from settlement. No progress was made last week.

Demand for more roads slowed down as protests against increased taxation of motorists increased. Announcement that a four cent gasoline tax is proposed served merely to strengthen opposition against the increases incorporated in the new vehicle code.

Lots of people never make much noise in the world till their theories are exploded.—The Grand Rapids Press.

Hoover May Affirm Constitution In His Inauguration

"Quakers" Do Not Swear, So Herbert Will Affirm Constitutional Stand

(International News Service.)
WASHINGTON, Feb. 22.—Although he has taken no one into his confidence the understanding prevails in the capital that when Herbert Hoover takes the oath of office as president he will "affirm" rather than "swear" his intention of supporting the constitution.

Quakers don't "swear." They "affirm." Mr. Hoover is a Quaker. Authorities differ as to whether there ever has been a president who didn't "swear" to perform his constitutional duties.

There never has been a Quaker president, but some records maintain that Franklin Pierce, the 14th president, used "affirm" in taking the oath in 1853 because of a deep-seated aversion to "swearing." Other records state that Pierce used "swear."

Auto Toll Goes Up Despite Drop In Usual Touring

January Totals Show 185 Deaths, Although Traffic Declines

NEARLY 4,000 AUTO MISHAPS IN MONTH

HARRISBURG, Feb. 20.—An increase of 10 per cent in deaths marked the January summary of 3,439 motor accidents in Pennsylvania. Benjamin G. Eynon, registrar of motor vehicles, Pennsylvania Department of Highways, announced today. Accidents numbering 174 resulted in 185 deaths, an increase of 15 over that of December.

The month's fatality included 10 children under the age of four, 21 children under 14, 89 adults between 15 and 54, and 41 persons over 55 years, and 15 persons of unknown age. In 2,670 accidents 41 children under four years, 332 youths between five and 14, 1,735 adults between 15 and 54 years, 283 over 55 and 319 persons of unknown age.

Flagrant violations of the law, totaling 1,840, were responsible for 60 per cent of the month's motor casualties, which included 38 deaths and injuries to 1,811 persons. Motorists who did not have the right of the way led the list of "road hog" casualties, with 15 deaths and injuries to 707. Motorists driving on the wrong side of the road were responsible for deaths of 10 and injuries to 846 others. "Snake drivers," cutting in and weaving out of traffic, were third, with a total of 299 accidents,

including nine deaths and 290 injured persons. Speeders were fourth, with a record of three deaths and injuries to 223 persons. Most of the casualties in "speeding" cases were sustained in the hour before midnight and between that hour and six o'clock, or on unpaved roads or streets. Motorists passing on curves or hills, injured 27 persons and motorists passing on the wrong side caused injuries to 15 others. Motorists, careless or negligent in signaling, were responsible for 48 accidents.

Accidents sustained by motorists who drove off the roadway resulted in 33 deaths and 374 injuries.

In a majority of the accidents the motorists were driving straight ahead. 112 fatalities and injuries to 2,287 persons recorded. Intersection accidents totaling 1,502, resulted in 78 deaths and injuries to 1,714. This included left-turn accidents, with a record of 12 deaths and 329 injuries. Accidents sustained by motorists with cars parked or standing still resulted in six deaths and injuries to 81. Accidents through cars backing caused one death and injuries to 34. Skidding accidents, totaling 494, caused 27 deaths and injuries to 467. Pavement conditions, due to freezing weather, prevalent in January, were blamed for these accidents, but recklessness, carelessness or ignorance of driving principles of motorists themselves were directly responsible. Railroad crossing accidents recorded nine deaths and injuries to 39. Bridge accidents numbering 50 caused two deaths and 48 injuries.

Pedestrians suffered the greatest casualties, through crossing between intersections, 53 being killed and 274 injured, while three were injured crossing intersections against signals and three crossing intersections diagonally. Motorists killed two pedestrians and injured 16 others who were waiting for getting off or on street cars standing in safety aisles. In the toxication of four of the pedestrians themselves resulted in four deaths and injuries to 32.

Accidents attributable to children playing in the streets resulted in six deaths and injuries to 48, and to riding or hitching on vehicles, two deaths and injuries to four others. Accidents resulting from pedestrians coming from behind parked cars caused three fatalities and injuries to 71.

Saturdays and Sundays, in the number of casualties, were the worst days of the month. Wednesdays witnessed more fatalities. Saturday accidents recorded a total of 20 deaths and injuries to 278; Sunday accidents, 26 deaths and injuries to 561. Tuesday was third, with a total of 27 deaths and injuries to 497. Monday was fourth with 23 deaths and injuries to 472. Wednesday accidents totaled 33 deaths and injuries to 395. Thursdays registered 12 deaths and injuries to 428, and Fridays recorded 20 deaths and 395 injured.

The evening "rush hours," between four and six, showed the heaviest number of casualties, recording 623 accidents, including 32 deaths and 596 injured. The "theater hours," between seven and nine, were next, with 480 accidents, 20 deaths and 467 injured. Noon hour accidents, between 11 and one, too, showed a heavy casualty list, 369 accidents resulting in 18 deaths and injuries to 296. Accidents between midnight and six in the morning, when traffic is lightest, revealed a total of 293 accidents, 18 deaths and 239 injured. Ten intoxicated motorists caused one death and injuries to nine others.

DRUGS EXCITE THE KIDNEYS, DRINK WATER

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

AIR JOY RIDERS BECOME BEST REGULAR PATRONS

(International News Service) CHICAGO, Feb. 20.—Air passengers who take their first trip as joy riders became steady patrons, according to a survey of the American Air Transport association.

Sixty per cent of the passengers of the various lines in the country and at the outset were joy riders and 40 per cent were those who traveled by plane to save time, the association estimates. At present the situation is reversed with 75 per cent of passengers flying to save time and the other 25 per cent thrill seekers.

WOULD PROHIBIT SALE OF BASS FROM MARYLAND STREAMS

(International News Service) HAGERSTOWN, Md., Feb. 20.—Sale of bass caught in Maryland waters is prohibited outside of the state under the provisions of a bill introduced in the Maryland legislature by Senator P. B. Englar, Carroll county.

The bill also provides for a closed season on bass from December 1 to June 30. Sportsmen's organizations throughout the state are supporting the measure.

WORKS HARD IN THE FIELD

Relies Upon Lydia E. Pinkham's Vegetable Compound

Rankin, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound as a tonic before and after my first child was born six years ago. Then when my second child came and I felt weak and run-down, I took it again. I am still taking it and I am feeling better. My mother used it for herself when I was small and always got good results. She still takes it. I do all kinds of heavy work, including my housework and I also help in the field. I recommend the Vegetable Compound and I am willing to answer any letters."—Mrs. BEN QUENLAND, Route 2, Rankin, Illinois.

Double Victory For Ellwood High Teams At Mars Tuesday

Lee's Boys Stage Hot Contest
Nosing Out Mars Team By
Score Of 25-23

Girls' Team Wins By Large
Majority; Score Of Game
Is 25-8

ELLWOOD CITY, Feb. 20.—Another double victory was annexed by Ellwood City high's floor teams, last night when they traveled to Mars for twin basketball bill. Lee's boys staged a hot contest by nosing out Mars 25-23. Coach McGoun's lassies swamped the Mars girls team with a score of 25-8.

Although Mars was considered a weak opponent they put up a stiff battle and forced the Blue and White to play their best to win the battle. The contest was much more interesting and exciting than was expected and the Butler county quint presented a strong aggregation which surprised the Lee men.

At the end of the first half the Tubers held a small margin of one tally as the period ended, 11-10 in favor of the locals. As the game continued the Ellwood quint spurred ahead but were continuously menaced by the opponent. Mars never gave up hope and kept up with the rapid pace staged by the Lee men.

Dickie Friedoff, flinty forward, played a fast game and lead the Blue and White attack. He caged four goals and was one of the outstanding performers of the evening. King and Justine played their usual steady game, each of them collecting two goals and two pointers from the foul line. Ursu also came through with two tallies.

A and J. Dematt, two speedy forwards formed a pretty combination and lead a strong defense for the losers. The latter was especially efficient sinking three goals. Weinstein equalled Friedoff's feat by slipping the leather through the ring four times. Blasin and Offutt lead McGoun's sextet to a victory over the Mars lassies by a overwhelmingly score of 25-8. Crawford and Purvis played well for the losers.

On Friday night the season will be brought to a close at the local gym with Evans City as the opponent. This double attraction is to bring the sectional race to an end. The Butler county quint is the only team that the Lee men have not yet defeated this season.

The lineup:—
Ellwood City Mars
Friedoff S. Dematt
King F. Dematt
Ursu J. Dematt
Justine Weinstein
Dunn Purvis
Subs—Lawrence for Friedoff, Friedoff for Justine, Jones for Dunn, Field Goals—Friedoff 4, King 2, Justine 2, A. Dematt and J. Dematt 3, Weinstein 4 and Ursu 2. Fouls—King 2-3; Justine 2-4; Dunn 0-1; A. Dematt 1-5; J. Dematt 2-4; Mair 3-4 and Weinstein 3-1. Referee—Boring.

BATTLE OF HAS-BEENS
(Written Exclusively for Central Press and New Castle News)

In an effort to provide something different for the boxing fans a Milwaukee, Wis., club in 1913 matched two of the greatest of all time lightweight champions for a 10-round no-decision bout.

One was Battling Nelson, the broken-down Dane, and the other Ad Wolgast, also well past the age where he was a dangerous boxer.

Before a well filled house of curious customers these two war horses of the padded canvas staggered, on the night of October 13, 1913, through a slow, ludicrous contest that was hooted and booed. Nelson was terrible and Wolgast almost as bad.

At the finish Wolgast was an easy winner, although his punch was gone and he did little damage to Nelson. He showered plenty of gloves and as usual the Battler had no defense and merely soaked up the punishment like a sponge.

Nelson was really pitiful, but managed to keep a smile on his battered face.

Mickey Cochrane Still Unsigned

(International News Service)
PHILADELPHIA, Feb. 20.—With the first group of the Athletics batters enroute south for spring training, Mickey Cochrane, the A's first string catcher was among those missing. Cochrane who was awarded the "most valuable player" honor last year has held out for an additional \$3,000 increase in salary it is said.

The Athletics moundsman and catcher left here last night for Florida in charge of the veteran Connie Mack. Several additional players are to be picked up enroute.

Cochrane is said to have declared that if he was unable to leave with the team last night he would pay his own fare to the south and again confer with Connie. The Athletics' management offered the star backstop a substantial increase in salary it is said, but "too small" to be approved by Mickey.

We wish to thank the friends and neighbors for the kindness shown during the illness and death of our mother, Mary E. McKinney. Also for flowers and cards donated.

Easton High Grid Captain Attempts To Take His Life

Jilted By Girl He Loved, High School Football Captain Tries Suicide

(International News Service)
EASTON, Pa., Feb. 20.—Bitter rivalry between two members of the local high school and the jilting of one by a girl friend resulted Tuesday in an attempt at suicide by William Bishop, 18-year-old captain of the Easton high school football eleven, police claimed.

Bishop is in a hospital in a serious condition from a bullet wound in the lower abdomen which police say was self-inflicted as a result of the jilting and subsequent quarrel with his rival classmate.

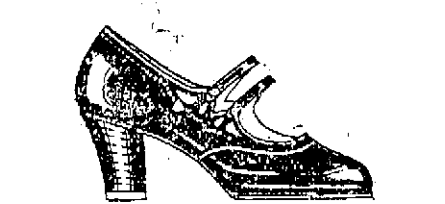

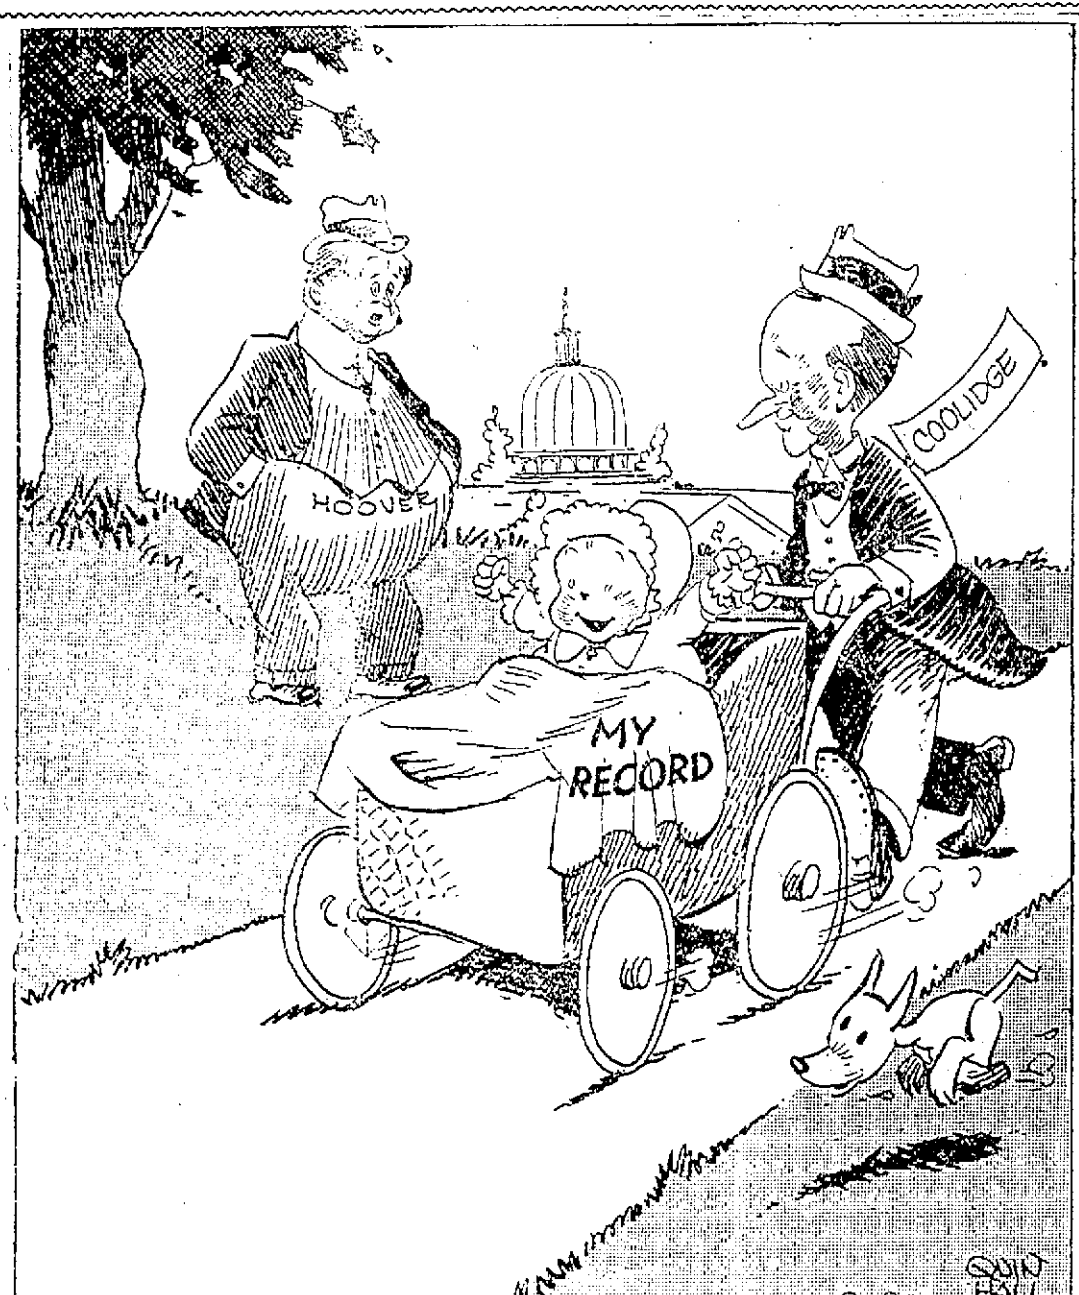

The wounded youth, a senior member of the football, basketball and baseball teams, told police that he had been wounded by a bandit during an attempted holdup. After questioning of Bishop and James Bokert, 20, his companion, police charged they learned the youth shot himself and told a story of a holdup to appear a hero in the sight of his "girl friend." The girl had recently spurned his attentions for those of another member of the football team, police said.

Hoover Back In Capital; Finds Work Piled Up

Nation Now Has Two Presidents in Washington; Both Are Functioning

SENATOR WATSON VISITS HOOVER

By GEORGE E. BURNO
International News Service Staff
Washington, Feb. 20.—The nation had two presidents functioning in Washington today.
In the White House, of course, was President Coolidge, rounding out his term. Up at 2300 S Street was President-elect Hoover, just returned from a month at Miami Beach, and, from all appearances, prepared to function as intensively for the twelve days intervening before his inauguration as he will after March 4.
Mr. Hoover was back in the capital to handle personally all of the remaining matters that can have any possible effect on his administration. His first engagement of the day showed that at breakfast this morning, the president-elect conferred at length with Senator James E. Watson of Indiana, slated to be the Republican leader of the upper house for the next four years.

Watson As Leader.
Watson, as majority leader, must guide many things through the senate for Mr. Hoover. Also Mr. Hoover wanted a report on the legislative situation existing at present. It would be possible for the dying congress to enact several bills which might crop up later as embarrassments to the new administration, particularly those endangering the balance of the budget.

Last night, a similar legislative report was obtained from Rep. John Q. Tilson, of Connecticut, Republican leader of the house, who spent nearly an hour at the S Street home. A dinner guest of the evening was James W. Good, politician extraordinary, who managed the pre-convention campaign for Mr. Hoover.
Senator Gillett (R) of Mass. was the only other scheduled caller of the morning. Some time during the day, the president-elect planned to drop in at the White House and pay his respects to President Coolidge.

McNutt Declares He'll Remain As Head Of Legion

(International News Service)
KANSAS CITY, Mo., Feb. 20.—Col. Paul McNutt, national commander of the American legion, commenting on a rumor he might be appointed president of the University of Michigan, declared here today he would not consider the prospective appointment at least until his legion term expires.

AUGUST YOHN IS HELD FOR LIQUOR VIOLATION

August Yohn of Campbell, O., arrested recently by Officer McKee and charged with violation of the Snyder act before Alderman O. H. P. Green Tuesday afternoon.
After taking testimony in the case Alderman Green held him for the March term of court. In default of \$1,500 bail he was remanded to the county jail to await trial of his case in March.

DAUGHTER AIDS BOOTH'S SUCCESSOR

An active worker in the Salvation Army is Mrs. Wesley Taylor, of Detroit, whose father, Gen. Edward J. Higgins, has been elected commander-in-chief of the organization, succeeding Gen. W. Bramwell Booth, who persistently has fought attempts to oust him from power, despite his advanced age and failing health. Mrs. Taylor is above with her three-year-old daughter, Gladys.

Five-Day Week Bill Placed In Hopper Today

Bill Introduced In House Today Would Have Industrialists Work But Five Days

(International News Service)
HARRISBURG, Feb. 20.—Employees of all industrial plants in Pennsylvania could only work five days in any one week under the provisions of a bill introduced in the House today by Representative Dunn, Allegheny.
The bill limits each day to eight hours and says that employees may not work more than forty hours each week.
Employers violating provisions of the bill would be liable to fines ranging from \$10 to \$200. Imprisonment of not more than 60 days could also be imposed on violators.

Railroaders Will Compete In Tourney

The pocket billiard elimination contest of the Erie and Ashtabula division, Pennsylvania railroad, will be held at the National Billiard parlors on East Washington street Thursday evening, February 21, at 8 o'clock.
All E. and A. employees interested are asked to be present. Probably four or five contestants will try out and the winners in the elimination

events will be the players who will represent the local division in the Lake division elimination to be held at a later date.

Lake Cargo Coal Rate Case Again Takes Spotlight

(International News Service)
WASHINGTON, Feb. 20.—The question on whether the lake cargo coal rate case has become moot through a compromise rate settlement by northern and southern railroads was raised in the Supreme court today by Justice Butler and McReynolds.
Both pressed August Gutheim, attorney for the Pittsburgh operators, and J. V. Norman, representing other coal interests, on this point.

Syracuse Youths Plead Guilty To Robbery Charges

(International News Service)
PHILADELPHIA, Feb. 20.—Theodore Meirs of Fayetteville, N. Y., and Robert King, of Syracuse, both 19-year old students at Syracuse university, pleaded guilty today to staging a holdup here on February 14th last when arraigned before Judge Harry S. McDevitt in quarter sessions court. Sentence was deferred.

Great Britain Not To Invite Powers For Naval Parley

Sir Austen Chamberlain Tells House Of Commons Report Is False

(International News Service)
LONDON, Feb. 20.—Sir Austen Chamberlain, British foreign secretary, informed the house of commons this afternoon that Great Britain has no intention of inviting any powers into a naval limitation conference.
The foreign secretary's statement was called forth by a question from Lieut. Commander J. J. Kenworthy, a Laborite. The Laborite had asked whether the government proposed to call a new conference on naval armaments and whether the invitation (if issued) will include suggestions for an international conference on maritime law.

Sir Austen Chamberlain replied: "The government has no intention of issuing an invitation for a conference on this subject. All questions concerning British relations with America and the naval conditions of the two countries are under consideration by the government. I am unable to make any further statement until that inquiry is concluded."

Packard People To Build Plane Motor

(International News Service)
DETROIT, Feb. 20.—Announcing that the Packard Motor Car Company's tests with its new Diesel radial air-cooled aviation motor have

proved successful, Hugh P. Ferry, secretary-treasurer of the company, said today that a contract has already been let for the construction of a \$650,000 plant to be completed and in production within six weeks.

A saving of 20 per cent in weight of fuel oil as compared with gasoline and a great increase in economy of operation will be outstanding characteristics of the Diesel motor which will sell at competitive prices with the present Wright and Pratt and Whitney motors, Ferry said.

Tinsman Has Coin Collection

E. T. Tinsman, connected with the electrical department of the Pennsylvania-Ohio company, this city has an interesting collection of old coins some of which date back to 1749. Among the coins are those of the United States and England. He displayed the coins today to The News.
The oldest coin he has is a British copper piece dated 1749. He does not know the amount it represents. He also has a British penny dated 1793 which has the engraving of a girl with hair tied at the rear of her head. The oldest piece of United States money is a half-cent issued in 1839.

Among his collection are: United States of America, board of lady managers of Columbia quarter dollar, dated 1893; half silver dollar, U. S., 1875; three-cent pieces of two different models.

Two different kinds of nickels, one credited with being worth five cents and the other called a nickel. One contains lines between the amount or "5" and the stars and the other with the lines missing.

A quarter dated 1853, two U. S. two-cent pieces dated 1864; half-cent, dated U. S., 1829; 1 cent, U. S., dated 1891; 1 cent, U. S., dated 1893; 1 cent, U. S., dated 1849; 1 cent, U. S., dated 1846.

Toronto Man Is Kiwanis Speaker

Capt. J. M. State Talks About Northwest At Noon Hour Session

Capt. J. Milton State of Toronto, Ont., spoke at the noon meeting today of the New Castle Kiwanis club at the Elks club. His entertaining talk on Canadian subjects, and the

lengthy moving picture film portraying expeditions into the great northwest were enjoyed immensely.

His films are particularly interesting, picturing mountains and lakes that are seldom seen in this country. One picturing especially attracting the interest of Kiwanians was that showing a fishing expedition on Vermilion lake.

In addition to Capt. State's appearance, Joe Gould, famous clown and humorist, entertained the Kiwanians. Gould is a humorous singer and with this combined with his other clever acts held the Kiwanians spell bound in laughter during his entire performance.

Condemned Property Bill Introduced In House Session Today

HARRISBURG, Feb. 20.—Senator A. J. Sordani, Luzerne, today introduced in the senate a bill which would permit the department of highways to condemn property in boroughs and compel the county to pay the cost of the property taken. At present such costs have to be borne by boroughs.

Cabinet Still

Public Mystery

Hoover Maintains As Great Secrecy As Coolidge About Affairs

STILL GUESSING ON MAKE-UP OF CABINET

By CHARLES F. STEWART

Washington Correspondent for Central Press and The New Castle News

WASHINGTON, Feb. 20.—If President-elect Hoover can keep his cabinet personnel as much of a mystery as he has kept it up to date, until after he actually has been inaugurated, he really is a wonder.

President Coolidge's secrecy concerning the position he would take, in the event of an attempt to draft him for a renomination, was remarkable. After all, however, it was not so extraordinary. Mr. Coolidge had to consult nobody else as to his own intentions. Besides it is possible that he himself did not know just what he would do if his party named him again by an overwhelming majority.

Mr. Hoover, on the other hand, in the matter of his cabinet selections, has had to consult hundreds of folk; and by this time he must have his mind made up pretty definitely upon most of his portfolios, at any rate.

To have refrained from telling anyone in plain terms, "I am going to appoint So-and-So," need not necessarily have been any very surprising performance on the president-elect's part.

He may easily enough have avoided even one binding promise.

Nevertheless, shrewd politicians are marvelously good guessers. And so many of them have seen him—and so many of them have discussed the cabinet question with him!—concentrating each one his every faculty upon his vis-a-vis' slightest quiver or shade of expression!—and such ample opportunity has been allowed them, to get together and exchange impressions!—that it is perfectly amazing they have not yet framed up a tolerably reliable slate, among them.

This assuredly has not happened. Otherwise, the tentative list would have "leaked" long ago—probably vaguely at first, and subject, for awhile, to corrections here and there—but at the present late date, pretty accurate.

To think of such a piece of information as reaching any politician's ear, without being shouted from the housetops shortly thereafter, would be enough to over-strain the strongest imagination.

The fact is, three men are considered practical Hoover cabinet certainties.

Andrew W. Mellon, Henry L. Stimson and Dr. Ray Lyman Wilbur. Secretary Mellon undoubtedly is sure enough to remain at the head of the treasury department, for a year or two, to be worth betting on—to give odds on, indeed.

Stimson and Wilbur are favorites, above several score of other supposed possibilities, only because of Stimson's resignation from the governor's generalship of the Philippines, and

the leave of absence obtained by Wilbur from the presidency of Stanford University.

However, even assuming that they are to become cabinet members, the theory that Stimson is to get the state and Wilbur the interior portfolio is pure surmise.

Maybe Col. W. J. Donovan would be a judicious long shot for attorney general.

All the rest?—the merest lottery! And going to stay so, they say, until Mr. Hoover lays his full batch of appointments before the senate, in a bunch, after he already is president. It will be a palpitating moment when that happens.

Slight Decrease In Food Prices

Department Of Labor Announces Slight Decrease Is Shown For Month

International News Service

WASHINGTON, Feb. 20.—The retail cost of food is coming down slowly, a decrease of slightly more than three-fourths of one per cent taking place in January as compared with December, the Department of Labor

announced today. There was a decrease of about one-third of 1 per cent in January compared with January a year ago, while there has been an increase of 57 per cent since January, 1913.

Among the 13 articles which decreased in price, strictly fresh eggs topped the list with a decrease of 13 per cent. Storage eggs decreased 3 per cent, butter 3 per cent, oranges, 2 per cent, and sliced bacon, lard, rice and raisins, 1 per cent.

Cabbage, with an increase of 23 per cent, was among the 18 articles that jumped in price during the month. Onions increase 7 per cent; lamb, 6 per cent; potatoes, 5 per cent; pork chops, hens, navy beans and canned tomatoes, 3 per cent; plate beef, sliced ham, canned corn and peas, prunes and bananas, 1 per cent.

During the month there was a decrease in retail food prices in Philadelphia, Pittsburgh and Scranton of 2 per cent.

HARRISBURG, Feb. 20.—Maintenance forces at the Mt. Gretna military reservation were able to take advantage of the cold weather during the beginning of the month by harvesting a nine inch ice crop on Lake Duffy. More than half of the amount necessary for the summer encampment has been stored away.

The burglar who stole a pair of galoshes may have feared a pair of criminal cold feet.—The Muncie morning Star.

Van Sweringens Ask Commerce Commission For Merger Solution

Interstate Commerce Commission Asked To Iron Out Merger Tangle

Negotiations For Eastern Four-System Plan Have Not Proven Conclusive

By HARRY WARD

International News Service Staff Correspondent

WASHINGTON, Feb. 20.—Negotiations between the Pennsylvania, New York Central, Baltimore and Ohio and the Van Sweringen lines for the establishment of an eastern four-system plan, having proved inconclusive, the powerful Van Sweringen railroad interests today presented to the Interstate Commerce Commission the straight question of what railroads could be grouped with them as a system, "in the public interest."

This move to take the whole subject of railroad consolidation out of the realm of executive conference and place it directly before the commission for action, was made by the Van Sweringen lines with the Chesapeake and Ohio as the applicant. The Baltimore and Ohio made a somewhat similar move late yesterday.

Offer Five Suggestions

The Van Sweringen petition asked the commission to do the following things:

To hold that the grouping or unification of the railroads named will be in the public interest.

To make necessary orders for acquisition of short lines which in the opinion of the commission should be included in the proposed Van Sweringen system.

To make necessary orders from time to time to enable the applicant to acquire such railroads as the com-

mission finds it in the public interest for it to acquire.

To indicate what must be done to secure the commission's approval or terms and conditions, if the commission is unable or unwilling to approve such acquisitions as it finds in the public interest.

To retain jurisdiction of the applicant for enlargement, modification or amendment, in order to carry out such a grouping as the commission will find in the public interest.

The railroads involved in the application which already are under Van Sweringen ownership-management are the Chesapeake and Ohio, Hooking Valley, Pere Marquette, Nickel Plate and Erie. The Buffalo Rochester and Pittsburgh, it was explained, was not included because under the four party plan that road is allocated to the Baltimore and Ohio and the New York Central.

It is proposed to add to the Van Sweringen group in their entirety the following roads: Wheeling and Lake Erie, Chicago and Eastern Illinois, Virginian, Delaware, Lackawanna and Western, Bessemer and Lake Erie, Pittsburgh and Shawmut and the Pittsburgh, Shawmut and Northern.

One-Fourth Interest

It is further proposed that the Van Sweringen group shall have a one-fourth interest, with the New York Central, Pennsylvania and Baltimore and Ohio in the following, which are classified as bridge or terminal lines: Delaware and Hudson; Lehigh and New England; Lehigh and Hudson River; Montour; Pittsburgh, Chartiers and Youngblood; Charles Southern; Monongahela; Pittsburgh and West Virginia (East of the Ohio river); and the West Side Belt, in Pittsburgh.

It is also proposed that the Van Sweringen group shall have a half interest (with the Baltimore and Ohio), in the Detroit and Toledo Shore Line, one-half of which is now owned by the Nickel Plate and the other half by the Grand Trunk.

Seek Trackage Rights

In furtherance of the plan the Van

Sweringen group asked for trackage rights ranging in length from 10 miles to 114 miles over various railroads in which they will not have an interest.

Under the proposed plan the mileage of the Van Sweringen group would be 12,265 miles under ownership or lease, together with trackage rights over 833 miles, taking in all a system of 13,148 miles. The capital investment would be about \$2,500,000,000.

The petition said that the Van Sweringen were not proposing at this time, the terms and condition on which these railroads would be acquired, but propose to have the two questions considered one at a time.

Decision Awaited

Obviously, it was pointed out, if the commission held that the proposal was not in the public interest there would be no use in considering terms and conditions.

Generally speaking, the proposed Van Sweringen system would serve the territory between the Mississippi river and the Atlantic seaboard north of a line drawn westerly along the borders of Virginia and Kentucky, extending north on the westerly side to the tip of the Michigan Peninsula and north on the easterly side of Montreal. Its Atlantic seaboard ports would be New York and Hampton Roads.

Highland Parents Teachers To Meet

Association To Hear Dental Hygienist At Meeting On Thursday

The Highland Parents-Teachers association will hold their regular meeting at the school on Thursday, February 21 at 3 o'clock.

Miss Margaret Jeffreys, school dental hygienist, will give an illustrated lecture on children's teeth, at that time.

This will be a very important meeting. The Executive board is particularly anxious to have a large attendance.

Ready To Enact Dozen Measures In House Today

Tuesday Most Sreuous Day Of Present Year For State Legislators

Number Of Bills Already Passed By Senate May Be Sent To Governor Fisher

By ROBERT F. GORMAN,

International News Service Staff Correspondent

HARRISBURG, Feb. 20.—Following the busiest day of the present legislative session, the House was ready today to proceed with the passage of a dozen bills as it reconvened at 11 o'clock. After the strenuous day Tuesday, however, the members were breathing easier today and relaxing after a day of real legislative business.

The report of Representative Staude, Schuylkill, who objected to a story printed in a Philadelphia newspaper concerning the proposed repeal of the anthracite coal tax is still being discussed here. The story said that the anthracite bloc in the House would be satisfied with a reduction of fifty per cent in the tonnage tax and the Schuylkill member objected to this statement. Later Representative Wells, Potter, chairman of the House committee on repeal bills declared that action of the anthracite members on the tax repealer had been "entirely fair," thus casting his lot on the side of the members from the anthracite counties.

Bill Sent Back

Representative Northagle's bill amending the act providing for the approval of bond issues by the department of internal affairs by exempting the examination of temporary loans was sent back to committee for amendment. The bill may be dead for the remainder of the session.

A number of bills which have already passed the Senate will probably be sent to the governor today for approval or veto. The Boyd bill giving county commissioners power to widen and straighten county bridges is included in the list. Another is the McClure bill authorizing and empowering counties which have acquired land for one purpose to appropriate and use as much of it as necessary for some other purpose.

The Buckman bill authorizing the appointment of police on the Delaware river bridge and the Mansfield bill classifying patrolmen, police operators, fire alarm operators and officers of the police and fire departments in cities of the second class for salary and compensation purposes were already for the governor today.

Guarded Coasting On Albert Tonight

There will be guarded coasting on Albert street this evening by Kiwanis troop 37 according to the announcement from J. Lee Calahan, chief Boy Scout executive here.

Coasting will begin at dusk and will continue until 9 o'clock. All motorists who fall to stop at the signal of the red lantern from one of the Scouts will have his license number taken and this will in turn be handed in to the police department.

The club has no capital stock, but is privileged to buy and sell realty and personal property.

COURT HOUSE OFFICES TO CLOSE ON FRIDAY,

WASHINGTON'S BIRTHDAY
County Commissioners announced this morning that all the offices at the court house will be closed on Friday, February 22nd, anniversary of George Washington's birthday. Heretofore it has been the custom to close at noon on this day, but there is generally very little business to be transacted, and it is believed that it will work no inconvenience to close the offices all day.

Fuel system of the new Ford has been designed for reliability and long service

THE practical value of Ford simplicity of design is especially apparent in the fuel system.

The gasoline tank is built integral with the cowl and is unusually sturdy because it is made of heavy sheet steel, terne plated to prevent rust or corrosion. An additional factor of strength is the fact that it is composed of only two pieces, instead of three or four, and is electrically welded—not soldered.

Because of the location of the tank, the entire flow of gasoline is an even, natural flow—following the natural law of gravity. This is the simplest and most direct way of supplying gasoline to the carburetor without variations in pressure. The gasoline feed pipe of the new Ford is only 18 inches long and is easily accessible all the way.

The gasoline passes from the tank to the carburetor through a filter or sediment bulb mounted on the steel dash which separates the gasoline tank from the engine.

The carburetor is specially designed and has been built to deliver many thousands of miles

of good service. Since all adjustments are fixed except the needle valve and idler, there is practically nothing to get out of order.

The choke rod on the dash acts as a primer and also as a regulator of your gasoline mixture. The new hot-spot manifold insures complete vaporization of the gasoline before it enters the combustion chamber of the engine.

As a matter of fact, the fuel system of the new Ford is so simple in design and so carefully made that it requires very little service attention.

The filter or sediment bulb should be cleaned at regular intervals and the carburetor screen removed and washed in gasoline. Occasionally the drain plug at the bottom of the carburetor should be removed and the carburetor drained for a few seconds.

Have your Ford dealer look after these little details for you when you have the car oiled and greased. A periodic checking-up costs little, but it has a great deal to do with long life and continuously good performance.

New Mutiny Is Reported Today In Spanish Army

Group Of Artillery Officers
Take Command Of Artil-
lery School At
Segovia

TROOPS DISPATCHED TO QUELL NEW REVOLT

(International News Service)
HENDAYE, Feb. 20.—Mutiny, the second in less than a month, broke out in the artillery corps of the Spanish army today following publication of a royal decree dissolving that branch of the military service.

A group of artillery officers took command of the artillery school at Segovia. The school, the artillery barracks at Segovia, also.

The revolting officers seized heavy guns and massed them for action. Troops, who joined the mutinous movement, swarmed through the streets of Segovia shouting:

"Down with the government."

All members of the Segovia Artillery School gathered at the Segovia barracks.

The government at Madrid dispatched infantry regiments from La Granja to put down the mutiny.

The outcome is doubtful. Advances received over the border emphasize the seriousness of the situation. It is feared that heavy fighting may ensue owing to the tense feeling between the enraged artillery officers and the commanders of the loyal government forces.

SPANISH WAR VETS GATHER TO OBSERVE MAINE ANNIVERSARY

(Continued From Page One)

Dr. C. C. Green, superintendent of schools, as toastmaster of the occasion.

Dr. Green performed the duties of this important task in a very effective and pleasing manner. In his introductory remarks he spoke of the remarkable fact that veterans of three wars of this country could assemble together to commemorate such an affair as the sinking of the Maine, told of the lofty purposes and ideals of this country in its various wars and urged the need of this country to be prepared for any emergency of the future.

D. M. Clark, commander of Post No. 100, G. A. R., was the first speaker of the evening and expressed his pleasure at being accorded the privilege of having participated in an affair of this kind and with the veterans of three wars. His remarks were enthusiastically received.

Ivor V. Davis, commander of Perry S. Gassett Post, No. 24, American Legion, was the next speaker called upon and spoke of the fact that it was the American flag that had brought forth men in each of the wars for the preservation of the nation and that if it hadn't been for the flag that those present would probably not have been together for the evening. He expressed the appreciation of the American Legion of the veterans present at being accorded the privilege of being present and being the teammate, so to speak, of the G. A. R. on such an occasion.

Leaders Speak
John E. Ritchey of Franklin, president of the Northwestern Pennsylvania Council of the United Spanish War Veterans and county commissioner of Venango county, then spoke of incidents and events of the Spanish-American War. During his remarks he spoke of the purposes and aims of the United Spanish War Veterans and in particular of the Northwestern Pennsylvania Council, which he urged the New Castle camp to affiliate with.

J. Clark Mansfield of Pittsburgh, commander of the department of Pennsylvania and commander of an air squadron in the World War, gave an intensely interesting patriotic address, speaking of all three wars of which veterans were present and the part that the veterans of each of the wars had played in the preservation of this country. He urged that this country be prepared for any emergency, so that it might resist aggression. He said that the country be prepared in the Civil War days there would have been no such a war and no such a sacrifice of life as there was. He closed suggesting that all arise and stand for a moment in silent prayer for the heroes of all wars who had died for their country. This was done following his remarks at the call of the toastmaster.

Mrs. Bertha McKnight of Pittsburgh, department patriotic instructor of the auxiliary of the U. S. W. V., then spoke a few words expressing her pleasure at being present. This was followed by the concluding feature of the evening, when S. S. Myers, former instructor in the University of Miami and other institutions, told of his experiences as a boy of eight or nine years of age during the three days battle of Gettysburg, which he witnessed, being in practically all parts of the battle lines of the Union forces. This proved one of the real treats of the evening and was enjoyed by all.

A social time followed in which Binge and motion pictures by Dr. H. H. Rosenthal were the principal diversions. Those present were recipients of favors as mementos of the occasion. There were a number of people present from Franklin, Oil City, Pittsburgh and other points. The American Legion members were accorded the honor of a special table.

Those Attending
Those in attendance at the affair were as follows: Dr. H. C. Harper, Carl Paston, J. J. Kalkstein, E. L. Kurtz, H. T. Otto, J. S. Lane, C. M. Grace, Miss Mary Young, Mrs. C. Henry Young, C. Henry Young, C. G. Logan, Mrs. C. G. Logan, H. J. Scott, M. L. McMullin, Mrs. M. L. McMullin, Mrs. I. S. Rudolph, I. S. Rudolph, George W. Muse, Mrs.

MONOTONY IN DIET IS UNDESIRABLE

Eat Wide Variety of Foods
Sweetened for Enjoyment

If a diet expert could visit every home in the United States and combine all the diet mistakes into one phrase, he would doubtless say, "too-monotonous." Food authorities are complaining that the richest nation of the world is sacrificing both health and enjoyment by eating monotonous, unappetizing foods.

There is a remedy that, with a little thought, can be applied to every home. It is the study of all the varied, healthful foods, being sure to include milk, eggs, cereals, vegetables, fruits and meats. Serve varied foods in the regular diet, and learn to use the right amount of sugar to make the various dishes tasteful and delicious.

It is simply impossible to keep well without eating the varied foods that contain all the health elements. It is almost impossible to eat these foods unless they are pleasing to the taste. Sugar, in addition to being a wonderful food, is nature's perfect flavor.

Make delicious milk-shakes with milk, sugar and flavoring. If you eat your food daily to like eggs, learn how quick and easy it is to make healthful egg-nogs. Remember applesauce, stewed dried fruits and cereals for breakfast. Remember the rule of one cooked and one raw fruit and vegetable a day properly sweetened and makes, cookies, and ice cream for dessert. Most foods are more delicious and nourishing with sugar. Attend Meeting Of Dog Fanciers At Rochester, Penna.

Lawrence County Kennel Club
Members Assist In Organizing

A delegation composed of R. M. George, C. M. Jordan, Thomas O'Brien, W. R. Lyon, A. H. Gilmore and other officers of the Lawrence County Kennel club have returned from Rochester, where they assisted in organizing the Beaver Valley Kennel club, which after this year expects to hold dog shows annually in Beaver Falls.

The Beaver Valley dog fanciers voted to join with those of Lawrence county in the holding of a bench show in New Castle, probably during April of this year and a joint meeting of the two organizations is to be held at the Y. M. C. A. in New Castle Thursday evening at 7:30 o'clock to further advance plans for the event.

At this meeting the local organization will elect a president to succeed R. M. George, recently resigned.

Scanlon To Receive Widening Contract

Council has decided to award a contract to M. J. Scanlon for the widening of Moravia street between Big Run and Division street. The contract will be awarded when council meets Friday. The curb will be set back three feet. The council believes that the thoroughfare is not wide enough now for vehicular traffic. Scanlon submitted the lowest bid.

Mother And Child Overcome By Gas Have Close Call

Timely Arrival Of Woman's Husband All That Saved Them From Death

NEW BRIGHTON, Pa., Feb. 20.—Mrs. Edward Householder and her two year old daughter narrowly escaped asphyxiation here from escaping gas. Mrs. Householder was in the basement engaged in washing and had her daughter with her. Her attention was drawn to the little girl staggering about the cellar floor. Dropping her work the mother rushed to pick up her girl and as she stooped, the mother fell unconscious beside the body of the little girl. How long mother and daughter remained in that condition is not known but the arrival of Mr. Householder who when unable to find his family, began a search of the house that ended in the cellar.

Efforts to rouse the unconscious mother and daughter failed and Dr. B. C. Painter was summoned. Mrs. Householder and her daughter were put to bed and given medical atten-

tion. They will recover. Investigation of the cause failed to disclose anything other than fumes from a gas stove or a leak in the gas line.

Y. W. Directors Meet Tuesday

Mrs. J. M. Blackwood was appointed to represent the Young Women's Christian Association on the Community Chest board. Mrs. J. C. Gillfillan was appointed alternate. These appointments were made at the monthly meeting of the board of directors of the Young Women's Christian Association, Tuesday evening in the Y. W.

In addition to these two appointments the routine meeting was conducted and reports were made by the various secretaries of the association.

Local People At Beaver Meeting

Take Part In Meeting Of Beaver County Parents-Teachers Meeting

First meeting of the Beaver County Council of the Parents-Teachers Association was held Tuesday afternoon at 2:30 o'clock in the B. F. Jones Memorial Library in Aliquippa. The speakers of the meeting were Mrs. Charles E. Roe, field secretary of the National Parents-Teachers Association and Mrs. D. M. Bulford, president of the District County Councils of the Parents-Teachers Association. Following the business session and addresses a chicken dinner was served at 6:30 o'clock in the Presbyterian church of that city.

The same speakers were again heard in the evening. Mrs. Edna Bradford Hopkins of Aliquippa, a former resident of this city, is president of the Beaver County Council. Local people in attendance at the meeting were Mrs. Chauncey Davis, Mrs. J. H. Templeton, Mrs. Robert Magill and Mrs. Earl Sweezy.

State Police Head Sees 100 Per Cent Less Crime Today

Major Lynn G. Adams Says Bribes Have Always Been The Same

Says Prohibition Can Be Enforced If Local Police Co-Operate

HARRISBURG, Pa., Feb. 20.—"There is more actual enforcement of the law today than at any time since the prohibition laws have been enacted," despite murders enacted by rival racketeers of the underworld, and conditions surrounding the liquor traffic have improved 100 per cent over pre-Volstead days. This is the statement and opinion of Major Lynn G. Adams, superintendent of the Pennsylvania State Police.

The police superintendent is apparently of the opinion that graft paid today to police by the bootleggers is no greater in number than payments to officers in pre-Volstead days for gambling and disorderly house protection.

The superintendent continued further to state that the chief stumbling blocks are legal, not physical. The leniency of so many courts and the laxity of the local policemen have much to do with the extension of liquor traffic.

"Prohibition can be enforced," states Adams, "it is a hard assignment but if local authorities will do their part, it can be done."

Contrary to common belief, Adams

believes that the prohibition law is scoffed at no more than any of our other laws. "Every time a good citizen buys a bottle of liquor, he is accessory to bribery and murder," said Adams.

Washington Faculty To Be At Luncheon

Teachers Of Other City Schools Not To Attend; Guests Will Be Present

Only the teachers of the George Washington Junior High school are to attend the noon luncheon to be served in the school cafeteria on Friday, Feb. 22, dedication day. Other special guests will also be present.

It was stated in The News in a recent issue that all teachers of the city were being invited to the affair. This was in error, however, so the above is printed to set right all doubts that might possibly exist.

The luncheon, opening at 12:15 p. m., will be served by the home economics department of the school.

Following the luncheon will come a public inspection of the building, gymnasium demonstration and swimming demonstration.

HAD INDIGESTION FOR YEARS; BACK PAINED SEVERLY

Lady Was Too Nervous To Sleep; Says Famous Ten Herbs Gave Blessed Relief.

"I can honestly say that Ten Herbs has been a wonderful help to me," was the recent statement of Mrs. Ena Vorous, Harrisville, Route 1, Butler, Pa., according to the Ten Herbs Man, who is at Eckard's of New Castle, Inc., 30 East Washington St., New Castle.

MRS. ENA VOROUS

where he is daily demonstrating this celebrated natural medicine to crowds of men and women of all ages and stations in life.

"I had suffered with indigestion for years," Mrs. Vorous continued, "as I could eat scarcely anything, as gas would form and cause bloating. I belched a great deal, and had a bitter taste in my mouth. There were severe pains across my back—at times I could hardly stand them. I was so nervous that I could not sleep half the night. I had to arise several times during the night, and it seemed as though I would never again get proper rest. Spots came before my eyes, and my complexion was very sallow."

"I read about Ten Herbs in the paper and decided to try your medicine. After taking it awhile, I am free of indigestion. I can eat anything and it agrees with me—no more gas, bloating, or belching after meals. The pains are gone from across my back. My nerves are in good condition and I sleep soundly at night. I am no longer troubled with spots before my eyes. I am pleased to tell others what Ten Herbs has done for me."

Profit by the experience of thousands throughout this section who have used this famous compound—try Ten Herbs for indigestion, biliousness, nervousness, sleeplessness, constipation, pains and aches across the back, rheumatism, neuritis, or a weak, run-down condition. If it has helped others, why not you?

The Ten Herbs Man is at Eckard's of New Castle, Inc., 30 E. Washington St., New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Sophomore Night Will Be Observed

Girls Of Class Of 1931 Have Charge Of Y. W. Program Tonight

FRESHMEN CO-EDS GET TURN NEXT

(Special To The News)
NEW WILMINGTON, Pa., Feb. 20.—Sophomore night will be observed by the Westminster College Y. W. C. A. tonight in the regular weekly meeting in the Hillside parlors. Girls of the class of 1931 will have charge of the program which will be, for the most part, of a musical nature.

Mary Hamill, New Castle; Kathryn Johnson, Bellefonte; and Mary Alice Neil, Canonsburg, have charge of the program. They have arranged vocal and instrumental numbers and readings by members of the sophomore class.

This meeting will be the second in the series of class presentations, the juniors having opened the series two weeks ago with an old-time costume and song program. The freshmen co-eds will have charge of next week's program.

MAN OF SEVENTY MADE WELL AGAIN BY NEW KONJOLA

Triple Complication Conquered By New Medicine—All Sufferers Tried Had Failed

"I was in a terribly anemic condition, the result of stomach, kidney and bladder troubles that baffled every treatment until I tried Konjola and it quickly banished them all," said Mr. D. S. Fellers, Newmansville, near Oil City, Pa.

"Gas, from indigestion, was constantly pressing on my heart, and I was so short of breath I could not enjoy the long walks I used to make. In fact, I could not take them at all, for my general health was such that any exertion completely exhausted me. My kidneys caused me back pains and the bladder condition got me up many times at night."

"After hearing so much about Konjola, I decided to give it a trial. The results were little short of miraculous. In three weeks a wonderful change came over me. I feel as though years have been lifted from my shoulders. I am getting what I like, sleep peacefully and am gaining in strength and energy. Surely Konjola deserves to be known wherever there is illness."

Konjola is sold in New Castle at Love & McGowan drug store and by all the best druggists throughout this entire section.

Dr. Kirkbride Is Decorated

Westminster College Graduate Accorded High Honor By France

CEREMONIES TAKE PLACE IN BALTIMORE

(Special To The News)
NEW WILMINGTON, Pa., Feb. 20. —Dr. Raymond W. Kirkbride, a graduate of Westminster in the class of 1913, was decorated with the chevalier of the French Legion of Honor Monday night in a ceremony held at the Hotel Belvedere, Baltimore, following a banquet in his honor.

Acting on behalf of the French government the French consul of Philadelphia officially conferred the title on the Westminster alumnus in recognition of his services in the field of education in France.

Dr. Kirkbride is in charge of the foreign study department of the University of Delaware. The group now includes 68 American students from 25 colleges and universities of the country. Under his supervision these students spend three months at the University of Nancy and complete their studies for a year at the Sorbonne in Paris.

During the greater part of the last seven years Dr. Kirkbride has been in France in charge of the foreign study work. He is now located in this country for a few months.

His sister, Dorothy Kirkbride, was last fall named professor of piano in the Westminster conservatory after having completed a year of study in Paris and having been associate professor of piano at Juniata college. A brother Arthur is in business in Erie Pa., with a stock and bond company.

Dr. Kirkbride's father, Dr. S. A. Kirkbride, well known Presbyterian clergyman of New Wilmington and Dr. W. Charles Wallace president of Westminster attended the banquet and ceremony in Baltimore Monday night.

Mansfield Bill On Coal Police Ready For Vote

(International News Service)
HARRISBURG, Feb. 20. —The Mansfield bill to make more stringent the regulations governing the appointment and control of coal and iron police was advanced today on the senate calendar and will come up for final action Monday night.

The senate after a short session, adjourned for the week until Monday night at 9 o'clock.

The Salus bill to create a family court in Philadelphia consisting of five judges and intended to supplant the present municipal court about which much of the recent political warfare has waged, also was advanced for final vote on Monday night. Senator Samuel Salus, the sponsor, was absent.

Other bills advanced included that of Representative Kirkbride which will create an additional judge in Montgomery county. This bill will also come up for final vote Monday.

An administration bill to curb unwarranted use of the word "college" and "university" also was passed on second reading. The bill is intended to prevent schools from advertising themselves as "colleges" unless their courses meet the standards of the state council of education.

Fourteen repealers and the Turner bill appropriating \$10,000 for members of the legislature to attend the Hoover inaugural ceremony were passed finally. The Turner bill previously had passed the house.

Fire Department Is Organized

D. H. McQuiston Is Named As Head Of New Wilmington Volunteers

(Special To The News)
NEW WILMINGTON, Feb. 20. —Final organization proceeding for the local volunteer fire department were effected at the meeting of that body held here Monday evening. Fifteen members were present and a constitution with bylaws was presented and passed by the group.

A board of directors for the organization was elected and D. H. McQuiston was chosen as its head. The other members are: James Pitzer, C. B. White, Wallace Mercer, and Clyde Monroe. This board will act as officers of the organization.

Two men to act as assistant fire chiefs were elected at the same meeting. They are W. R. Anderson and W. A. Schaffer. Upon the passage of routine business affairs, the meeting was adjourned.

Get Big Shipment Hungarian Quail

Is Distributed Among Several Western Pennsylvania Counties

Game Protector Frank Johnston stated today that a shipment of 24 baskets of Hungarian quail, each containing ten quail, had been received here for the state farm but owing to the fact that they could not be taken care of for future shipment at this time they have been respiced to various western Pennsylvania counties.

Sixty of the quail were sent to Allegheny county, 40 to Westmoreland county, 40 to Fayette county, 40 to Somerset county, 20 to Washington county and 40 to Green county.

None were retained for the local county as there is already a large number here ready for distribution as soon as weather conditions are right.

Several new cases of contagion today were reported to Dr. William L. Steen, city health officer. The patients are:

George Benscoter, 13, 207 Sheridan avenue; scarlet fever.

Ruth Peterson, 6, 1309 Wilmington avenue; scarlet fever.

Richard Shaffer, 4, 316 Vine street; chickenpox.

Sallie L. Morrow, 205 1/2 North Walnut street; chickenpox.

One case of erysipelas also was reported, the patient being Mrs. Cameron, 744 Butler avenue.

ATHLETIC CLUB To Present Play

Will Be Given This Evening In Y. W. C. A. Auditorium At 8 O'clock

Tuesday evening witnessed the last rehearsal of the two very fine plays that the athletic club is putting on this evening in the auditorium of the Y. W. C. A.

Miss Play Owens takes the part of the "Milliner" who has had four husbands and four divorces. Miss Cora Humble, who as the manicurist, excels in the art of making clever remarks to the other eleven ladies of the jury. All of the characters are exceptionally good.

"That Awful Letter", a comedy in three acts is very realistic in demonstrating the snobbishness of the city girl for her country cousin.

Music will be furnished by an orchestra led by Miss Eva Coulter. In the interim between the two plays little Jean DeLillo, who is a member of the children's gymnasium class, will dance.

The girls of the casts and Mrs. Edith Lockhart Cooper, who is coaching, have been working hard to make the plays a success.

Two Win Places On Debate Team

Quimby And Williams To Be In Westminster Line-Up Of Debaters

ALLEGHENY WILL BE FIRST OPPONENT

PAUL QUIMBY

FRED WILLIAMS

(Special To The News)
NEW WILMINGTON, Pa., Feb. 20.—Paul Quimby, Sharon, and Fred Williams, Carnegie, were recently elected to the varsity debate squad at Westminster. Both young men, members of the sophomore class, represented their class in the inter-class debate last year.
Quimby, a member of Delta Phi Sigma, has been active in athletics as a member of track and cross country squads. Williams, a member of Theta Upsilon Omega, is active in journalistic work on the campus.
These two men, together with one of the veterans of the squad, will face Allegheny in a dual debate at New Wilmington next month. They will debate the question of the American jury system.

Township Residents Object To Tax Raise

Mercer County Court To Hear Arguments On Tax Raise, March 4

(Special To The News)
MERCER, Feb. 20.—Taxpayers of Springfield township, this county, have raised an objection to the petition that road supervisors of that township have presented to the Mercer county court, asking that they be granted the right to raise the road tax in that township an additional 10 mills, or 20 mills in all.
The 10-mill tax, the supervisors believe, is not sufficient and ask that additional tax be levied so that floating debts can be paid and more new road work begun.
Springfield township borders on Lawrence county at a point near Leesburg, and it is the first time in the history of the court that such an objection has been made. The Mercer court has set March 4 at 2 p. m. as a time for an open hearing in regard to the granting of the right to levy the additional 10 mills.

SEVENTH WARD NEWS

Travel Club Of Mahoning School Starts Activities

Members of the Travel Club of the Mahoning school went on their first trip of the second semester of the school term this morning. Through the courtesy of J. R. Dunfee, manager of the Bell Telephone Company, the members of the club made a tour of the telephone plant this morning. Members of the club left the ward on a special street car at 11 a. m.

This club is quite popular at Mahoning school this year. Miss Geneva Fleming is sponsor and this semester the club has a membership of 40. The club is interested in traveling, they put on travel programs, make trips to plants in the city and at the present time are planning a trip to Pittsburgh to visit the museum, zoo, etc. This trip is to be taken soon.

The club is also very much interested in stamp collecting. Many of the club members have stamp collections on which they are working. Mr. Dunfee was recently at a meeting of the club and talked to them about stamp collecting.
Recently the club was organized for the second semester of the school term. Officers of the club are: president, Helen Root; vice president, Isabelle Shaw; secretary, Helen La Mar. Previously the membership of any education club of the school was not to be over 25 pupils, but so far this semester this club has 40 members.

MUSICAL PROGRAM
Next Sunday evening will be the monthly music night service in the Mahoning Methodist church. The program will be presented by the church choir under the direction of the church chorister, Loy Gwin.
The last Sunday evening of each month has been set aside for a special church service entirely of music in this church. This has been the custom the past several months.

EDUCATIONAL CLUBS
Educational clubs of Mahoning school had club meetings this morning fourth period. Various clubs had their regular meetings with the exception of the Travel Club, who went on a tour to the Bell Telephone Company.

WINDOWS DECORATED
Windows of two class rooms of Mahoning school are decorated. One room is decorated with cut-outs of gay colored spring flowers. Another class room has its windows decorated for George Washington's birthday with hellebores and red cherries.

W. A. G. CLUB
The W. A. G. Club is being entertained Thursday evening at the home of Mrs. W. H. Leicht of East Clayton street.

NO VARSITY BASKETBALL
Mahoning school basketball varsities are not playing this week. According to schedule they were to play Union High this week but the game is not being played this week. In the Junior High basketball league games played the Mahoning teams have won from one school and lost to two schools.

O. R. C. LODGE
Ladies Auxiliary to Order of Railroad Conductors are having their lodge meeting Thursday afternoon in the Woodman hall. Preceding the lodge meeting the members will have a tureen dinner. Members are to bring table service and rolls.

MAHONING BOOK CLUB
Mrs. R. W. Hamilton of West Madison avenue will receive the members of the Mahoning Book Club in her home Thursday afternoon.

PRAYER SERVICES
The mid-week prayer service will be conducted as usual this evening in the Mahoning M. E. church. Rev. Sleppy, pastor, will be in charge.

DRESS REHEARSAL
Dress rehearsal for the play, "Safety First," is being held this evening in the Madison Avenue Christian church. This play is being presented by the Loyal Worker's class of the church.

First Of Lenten Preachers At Trinity Tomorrow

The first of the Lenten preachers in Trinity church at the corner of North Mill and East Falls streets, tomorrow, Thursday evening, at 8 o'clock, will be the Rev. I. F. Jones, the new rector of St. Andrew's, Youngstown, Ohio. As this is Mr. Jones' first visit to New Castle, and as he has friends here already, it is believed there will be a large congregation to hear the Word preached. The music will be rendered by the Senior choir under the direction of Mr. Paul B. Patterson.
Yesterday at the service for children and young people, being the first of the series, there was an unusually large attendance; showing the increasing interest year by year taken in these services especially for children and young people. The music is rendered by their own choir, the Junior girls choir, Mrs. W. A. McNally at the organ.

COAL CONTRACT TO BE LET THURSDAY

Bids for coal to be furnished to the different county buildings were opened by the County Commissioners this morning. There were a number of bidders who gave figures on different kinds of coal, and in order that they may be checked over to see which is really the best, the commissioners postponed letting the contract until tomorrow.

WAR TIME LETTERS BY COL. LEASURE

Written From Battle-
front During Civil
War

From Papers of Late
Col. I. S. DuShane

Col. Daniel Leasure
Picture Property of T. A. Preston,
1215 East Washington Street

(Continued from yesterday)

Flower Hill, Miss.,
July 4, 1863.

My dearest Wife:-
I am going to "celebrate the day" by writing you a letter. I received yours of the 14 and 17 some days ago but as I have been under the weather a little and changing camp I did not answer them until now. On Monday morning we received order to move 10 miles to the front. I was to go along so I remained until next morning and came out in an ambulance. I am better now though a little weak. I am on duty. My shoulder gives me some annoyance.

The climate is hard on me, much worse than South Carolina. We are encamped now at a little White church (dayland Baptists) on one of the highest of the range of low hills in the rear of Vicksburg. We are 13 miles from the city now and have thrown up a new line of entrenchments.

Yesterday Pemberton sent a flag of

WEIGH WHAT YOU DESIRE

If you over-weigh, the cause may not lie in over-eating or under-exercise. It may lie in a fault in nutrition which modern research has discovered. And which science now corrects.

The method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. And many of the people you envy—with slender figures, new vitality and health—will urge you to adopt this way.

The use of Marmola does not require abnormal exercise or diet. In every box you will find the formula, also the reasons for results. You will know just why your weight comes down and why every effort is helpful. Learn the facts, and do it now. Do so by asking your druggist today for a \$1 box of Marmola.

Aviation Courses In Nation's Schools

(International News Service)

LOS ANGELES, Feb. 20.—Demand for thorough instruction in all phases of commercial aviation is so strong that universities, colleges and high schools throughout the nation are laying plans for full courses, according to Prof. Earl W. Hill, instructor in trade and transportation of the University of Southern California. Professor Hill has been active in assisting other universities in mapping out their aviation courses.

Dr. Hill is co-author with James

G. Wooley, vice president of Western Air Express, of a book entitled "Airplane Transportation" and now being published. It is being considered as a standard text book by twenty universities and colleges in western states. It is designed primarily for school use or for the person seeking a general knowledge of commercial air transport rather than a technical training as a pilot or mechanic.

The general studies are supplemented with special papers by Hon. William P. MacCracken, Jr., assistant secretary of commerce for aeronautics, and Dr. Carl-Gustaf Rossby, chairman of the committee of aeronautical meteorology of the Daniel Guggenheim Fund for the Promotion of Aeronautics.

England Now Has Its Coxey's Army

LONDON, Feb. 20.—Six contingents of unemployed men are now converging on London after marching from various industrial centers in England and Scotland. They plan a demonstration here on February 24.

They have been given generous aid on route and notwithstanding the bitter weather few seem to have abandoned the march. On the other hand there has been little increase in their number and the total of those arriving is not likely to exceed a few hundred.

GROUND CUSTODIAN IS 'BEST SCOUT' AT DRAKE

DES MOINES, Feb. 20.—Co-eds at Drake University here "pulled a fast one" on the boy friends in the school's annual contest to select the most popular man and most popular girl in school.

They nominated Lewis W. Nelson, veteran custodian of grounds, for the honor of "best scout" in the university.

Two sororities plumped their votes for "Louie" and put him across ahead of the leading campus lights. Nelson, who bears the honorary title of "Dean of Campustary" grinned when the nomination was announced. "I'm 62, but I feel like 26," he said.

CONNECTICUT COMPANY INSURES GLASS ONLY

TORRINGTON, Conn., Feb. 20.—A local insurance company which insures only plate glass, finds that in five years of business it has settled losses amounting to \$51,225.31 and collected premiums to a total of \$139,539.83. The company's business is confined to three states, and is conducted under supervision of the Connecticut state insurance department. The state legislature chartered the company in 1923.

43 CHORUS GIRLS ALL FROM DIFFERENT STATES

NEW YORK, Feb. 20.—Sam Harris has evolved the newest wrinkle in Broadway beauty choruses. He will have 43 corymbes in his new show and each one of them will be from a different state.

TEXAS HELIUM PLANT TO BECOME FISH HATCHERY

(International News Service)
FORT WORTH, Feb. 20.—The government's helium plant here, which was recently shut down will be turned into an extension government fish hatchery according to Congressman Fritz G. Lanham. The change would

require no congressional legislation, since the Bureau of Mines, which has charge of helium production, and the Bureau of Fisheries, are both supervised by the Department of Commerce.

The grounds surrounding the proposed new fishery will be beautified as a park. The helium plant represents a \$4,000,000 investment.

Why Doctor Reynolds

Insists on
Milk of Magnesia
in Tablet Form

The Doctor's Verdict.
"Yes, Lac-Ma Wafers. I always insist on my patients using Lac-Ma when the need of a Milk of Magnesia is indicated. Liquid magnesia precipitates while Lac-Ma gives assurance of accurate dosages and are pleasant and easy to take."

Again science has triumphed and today the medical and dental professions are prescribing Lac-Ma Wafers.

Children Love Lacma.
Children who fight against taking unpalatable liquid magnesia actually crave Lacma Wafers, because they taste like candy.

Lacma Wafers Economical.
Lacma Wafers keep perfectly under all conditions. You get more for your money as there are 100 teaspoonfuls in each package. No danger of freezing or precipitating.

Lacma Wafers Convenient.
Lacma comes in an attractive package which, due to Lacma being concentrated, can be carried in your vest pocket. Remember it is not necessary to add water to Lacma—of course you can if you wish—but Lacma will dissolve quickly if just placed upon the tongue.

Use Lacma Regularly.
All admit that milk of magnesia should be used for various uses—correct acidity, for bad breath, a gently laxative, cleaning the teeth—and all the various uses for which milk of magnesia has been found so desirable.

Go to your druggist today and ask for a package of Lacma Wafers. They cost but a few cents. Start using Lacma Wafers and you will never go back to the old methods.

LACMA WAFERS ELIMINATE NEED OF LIQUID MAGNESIA

Look out for weakness after having influenza

Anybody who's had "flu" knows how weak and peppy it leaves you. Indeed the convalescent days are days when you should take particular care of yourself—not go dragging around feeling like a wet dishrag.

DURING the period of recuperation Nujol will help you. It is a real health promoter. Keeps the system functioning normally, does not allow it to get clogged up.

Physicians agree that, particularly if you've been sick, purging by laxatives and cathartics is not advisable. Many doctors are, therefore, prescribing Nujol, as in no case does it cause exhaustion or weakening of the system. It regulates the system, eliminates poisons, and brings about better health.

Nujol is as harmless as pure water. Just a fine natural substance that keeps the system working at all times the way nature meant it to. Regularly. Easily. Normally.

Let Nujol help to restore you to complete and vigorous health. Take a spoonful every night. After a trial you'll have more ambition and energy, feel more optimistic. You'll soon look and be yourself again.

Get a bottle of Nujol today at the

Getting Back Strength

corner drugstore. It costs but little. Made by the makers of Mistol.

Mayor Marries Pair After Collecting Fine

VINCENNES, Ind., Feb. 20.—After first fining the principals in a wedding here \$40.00 and costs, each Mayor Gregg of Vincennes, then married them free, saying their honeymoon had already cost them \$30.
The lovers were Mrs. Hattie Perry and Charles Snyder.
They celebrated their approaching nuptials too well and not wisely enough according to police and were arrested on charges of drunkenness. After the mayor had imposed the fines, Mrs. Perry paid up and then asked the mayor to wait.
"I want you to marry me now," she said.
She and Snyder went to the marriage license bureau and returned in a few minutes with the necessary permit and the mayor performed the ceremony.

Bowling Managers Will Meet Thursday

Managers of the church bowling league teams will meet Thursday evening at the Y. M. C. A. for a very important conference concerning the continuance of the league until a future date.
The original schedule ends this week and that will mean no more games. Some of the teams ask that the league will be extended for some weeks yet.
The managers will decide the fate of the suggestions at this meeting on Thursday.

Y. M. C. A. NOTES

NEWS BOYS MEET
Members of the Fred Rantz N. E. club will gather Thursday evening at the Y for their regular weekly meeting. There will be basketball practice, cards and a social hour.

BASKETBALL GAME
Members of the Senior Hi-Y club basketball team defeated the East Brook club team 40-21 on the Y floor. The regular weekly meeting of the East Brook club occurred at the New Castle Y as is the custom once each month.

SCIOTO MEETING
Friday evening the Friendly Indians and Pioneers of Scioto street will meet in the neighborhood house of that place for the regular weekly sessions. William Thomas, boys' secretary at the Y and advisor to the club, will be in charge of the meeting.

Barton To Speak At P. H. C. Meeting

Baird Circle Of Ellwood City To Put On Degree Work Also

Perhaps there is no man more prominently or widely known in the Protected Home Circle than special deputy Charles W. Barton, and it will be the privilege of Circle No. 5 to have as an honor guest the mighty

supreme noble of the inner circle and other prominent members of the order on Thursday night. Members who have never listened to the eloquence and humorous addresses by deputy Barton will miss a rare treat if not present at the session on Thursday night.
There will be a class initiation with the popular degree team of Baird Circle 123 Ellwood City in charge of the ceremonial, later followed with their wonderful exhibition drill with their captain, Deputy Blanche Canfield directing.

Guardian Margaret Hammond has in progress an excellent program and later refreshments will be served. The business session of the Circle

will be called to order promptly at seven thirty o'clock and at the close of the initiation the doors will be opened to the public who are cordially invited to enjoy an evening of pleasure with No. 5.
LILLIE B. JONES, Secretary.

Wrestlers Start Practices At Y

Paul Alford, Ralph Brooks, Ed Kneram, Ed Seyffert, G. Benninghoff

and Louis Pearl started working out Tuesday evening at the Y. M. C. A. on the mats in preparation for the inter organization district meet which will take place at Butler in March.

The men are being coached on Tuesday evenings by Robert Meermans and on Thursdays by Jack Herbert. Each other night of the week which is possible, the men work out alone.
The meet at Butler will include a number of good wrestlers from Y. M. C. A. teams throughout the district, although the local wrestlers listed have distinguished themselves in this field, they will have some stiff competition.

To Improve 50 Miles Of Road

Big Road Improvement Project To Be Started In Mercer County

STATE WILL AID IN MEETING EXPENSE

(Special To The News)
MERCER, Pa., Feb. 20.—During the coming summer 50 miles of ash road will be built in the 32 townships of Mercer county at a cost of \$200,000, it is announced by Harry Hunter, chairman of the board of commissioners who is in charge of roads and bridges.
The state highway department after a two-year lapse is able now to pay off the state aid assistance fund promised the township road builders. It is expected every township in the county will participate in this building program. The county is giving \$2,000 to each township. The state is paying \$1500 on each mile of road. The type of roads built by the townships will average a cost of \$4,000.
The building program follows a two-year lapse during which very little construction has taken place due to the fact that the state highway department did not have the money to assist.
In Mercer county now 200 miles of this type of road already are in use.

Girl Auto Bandit Asks For Match And Robs Driver

KITTANNING, Pa., Feb. 20.—Report was made to the police by John Rosenberger, who resides at Edgewood, that he was the victim of a female auto bandit and that she robbed him of \$10. Rosenberger was on his way home between 11 and 12 o'clock at night when an automobile pulled up beside his wagon and a woman asked him for a match. He carried his matches in his pocketbook and when he took that out to get the matches the woman grabbed it. A tussle ensued and the pocketbook was torn apart, \$94 in bills falling on the ground. Rosenberger picked up \$74 and the woman got a \$10 bill. She then hopped into the automobile and drove away. The car bore an Ohio license plate, No. 46578.

Special Events To Mark Anniversary Among College Students

SPECIAL CHAPEL SERVICE FOR DAY

(Special To The News)
—Washington's Birthday, Friday of this week, will be observed at Westminster College according to the custom of the last seven years, when fraternities and sororities will entertain mothers at dinners and parties. No classes are scheduled for Friday, but a special chapel service Friday morning, conducted by Dr. W. Charles Wallace, will start the activities of the day. A special speaker for the occasion to be announced tomorrow, will address the assembly on a suitable subject for the occasion. A number of songs by the Westminster quartet composed of Professor Alan B. Davis, Leslie Roberts, James Guthrie, and William McMunn, will also feature the program. Campus fraternities and sororities will entertain the mothers of the members at luncheons and dinners, some planning special programs following these affairs. Meetings of the various Mothers' clubs, fraternity auxiliary organizations, are scheduled for later in the afternoon. Freshmen residents of Robert Aud-

ley Browne hall have completed plans for the entertainment of their mothers at a luncheon followed by a program. Mrs. C. B. Robertson, dean of women, will be hostess to the mothers at a tea in the Hillside parlors late in the afternoon.

WILD DUCKS SAVED

FROM LAKE OF ALKALI

(International News Service)
LYONS, Colo., Feb. 20.—An alkali lake near here would have been the death bed of three thousand wild ducks had it not been for a rescue made by John Lall, Deputy Game Warden of this city.

The ducks alighted on the lake and were trapped there during migration by a severe storm. Unable to find food, they were gradually going to their death by starvation and poisoning from the alkali water. Lall reported the ducks' condition to State Game Warden R. G. Parvin who arranged for a quantity of corn to be fed the ducks.

Gradually the ducks gained their strength and began winging their way to the sunny south. Nearly 300 of the birds died on the lake.

FLYER FINDS RAINBOW

IS A COMPLETE CIRCLE

(International News Service)
SAN FRANCISCO, Feb. 20.—Call off the hunt, those of you who seek the pot of gold at the end of the rainbow!

In fact, there isn't any end to a rainbow—it's a circle.

So affirmed Burr Winslow, mail pilot, flying from Oakland to Reno. Winslow reported witnessing for the first time a circular bow in full color. This particular rainbow had no end, which leads him to believe that all rainbows, if seen from the correct angle, would be round.

All Grove City In Bible Classes

Nearly 800 Attend Men's Bible Classes In Three Schools

(Special To The News)

GROVE CITY, Feb. 20.—The men's Bible classes of the Grace M. E. church, First Presbyterian church and the United Presbyterian church of this city, who are in the midst of an attendance contest, broke all records Sunday when a total of 755 men were present in the classes. The Grace Methodist led the attendance with 233, the First Presbyterian was next with 241, while the United Presbyterian, the smaller church of the three, came along with 231 which was six more than they had placed as their quota for the day. This church has set the goal for 250 next Sabbath and it is hoped that this will be reached with a few to spare.

The fun night for the three classes will be held in the Methodist church on Thursday evening of this week and it is expected that a record crowd will be on hand for this event. Owing to the fact that such a good time was enjoyed at the last fun night held a couple of weeks ago in the Presbyterian church, it is estimated that one of the largest crowds yet will be in attendance for this event.

Extensive Probe Of Ohio Prison Break Ordered By Cooper

Governor Of Ohio Orders Rigid Investigation Into Columbus Prison Break

(International News Service)
COLUMBUS, O., Feb. 20.—An extensive probe into the Ohio penitentiary delivery was ordered by Governor Myers V. Cooper Tuesday. The executive sent his assistant secretary, former Judge W. V. Aldrich of Delaware, to the state prison with instructions to thoroughly delve into the situation.

One object of the investigation will be to preclude similar breaks.

The community meeting held at the Miller school Friday evening was a success. Clarence Swartz of East Lackawanna is visiting Russell G. Ligo this week. William Egger of Stoneboro was a local caller Saturday evening. Miss Anna Paton of Farrell spent the week end with her parents, Mr. and Mrs. George Patton. Mr. and Mrs. Fred McKenna and family of Mercer, Mrs. Elsworth Cornell and Mrs. Charles Cornell of Sharpsville spent Sunday at the home of Mr. and Mrs. Mont McCullough. Mrs. George Patton was a Mercer caller Saturday night. Miss Pauline Hunter spent Sunday with Mr. and Mrs. James Johnston. Miss Mary Kent who has been visiting her niece Miss Ella Hosack returned to her home here. Mr. and Mrs. Herman Cozad were Mercer callers Saturday evening. Mrs. S. W. Ligo spent Thursday evening with Miss Mary Kent. Miss Hazel McCullough spent Saturday evening in Sharon.

THIEVES STEAL 54 HENS,

LEAVE ORDERS FOR MORE

HAVERSTRAW, N. Y., Feb. 20.—Louis Hoyt of Haverstraw reported to the police that thieves raided his hen coop at daybreak, carried off 56 hens and left a mean note scrawled on a piece of paper saying that they would be back for the young chickens when they had grown up. "Fatten them up and we will be back later," the note read. Hoyt said the thieves also took two large bags of corn to feed the hens. He said if they came back he would have a shotgun ready and a burglar alarm rigged up in his hen house.

MEXICAN STEALS PIPE FROM OFFICER, DEPORTED

(International News Service)
DENVER, Feb. 20.—A corn cob pipe stowed between Joe Garcia, Mexican vagrant, and a home in the United States.

Garcia stole the pipe from Patrolman William Sheehan while the former was being taken to the city jail in the patrol wagon. When they reached the jail Garcia was searched and the first thing found was Sheehan's corn cob pipe.

Garcia was then reported to immigration officers; who discovered he had entered the United States from Mexico illegally. He will be deported.

a WASHINGTON sale

by VANFLEET & EAKIN

This Is the Truth—So Help Us

—GEORGE WASHINGTON

When merchandise is new and fresh and beautiful who is it that sings loudly in its praise Van Fleet & Eakin, of course. Being a style conscious store, it is easy for us to joyfully and artistically shout about the new. But when the public has definitely shown thumbs down on certain things—then what? so we called this "a WASHINGTON sale". Instead of eulogizing the offerings we are going to tell the harsh and often unkind facts about them price them at a fraction of their original price and let you do your own judging. Knowing how easy it is to buy the wrong thing we feel safe in prophesying that there's going to be another advertisement like this on Washington's next birthday. This sale begins Thursday and continues Friday and Saturday. But we don't think there's going to be much left after the first day.

95 UNION SUITS that sold regularly for \$1.50. They're of medium weight and ideal for this season of the year. But because we didn't realize how many men had swung to shirts and shorts we bought to many. They are now

98c

63 SPADE WORK SHIRTS. They are regularly \$1.00 but because some are blue and others are tan and most all of them are large sizes we priced 'em down to

69c

FAMOUS MUSSER Lisle & WOOL HOSE that were \$1.25. They are oh, so soft, and in plain colors. Men this year seemed still to prefer novelties—next year they will want plain colors.

69c

16 V NECK SWEATERS, the patterns are not so good, but they are all 100% wool and sold for \$5 and \$6. You can have 'em for

\$2.95

13 COAT SWEATERS of light worsted wool. They used to sell for \$5.00, but the color ranges are broken now so we priced them down to

\$3.95

4 LEATHER JACKETS that are reversible and sold for \$15.00. Three suede jackets that are now reversible and sold for \$14.50. Now they're priced down to

\$9.75

54 MEN'S SUITS AND 59 OVERCOATS

14 SUITS THAT WERE \$25.00 AND \$35.00. A varied and odd assortment of patterns, but all sizes in the group. Priced down to \$19.75.

\$19.75

25 SUITS THAT WERE \$40.00. Most all of them are in dark business patterns, but we must make room for the lighter patterns of spring. These suits are now \$26.75.

\$23.75

15 BLUE SUITS THAT WERE \$50.00. Some have two buttons, others three buttons and some are double breasted. Now they are \$33.75.

\$33.75

15 OVERCOATS THAT SOLD FOR \$25.00 and \$35.00. Light and dark patterns that did not seem to take. All sizes. Priced at \$19.75.

15 OVERCOATS THAT SOLD FOR \$40.00. Great coats in a dizzy array of light and dark patterns. All sizes are now priced at \$24.75.

19 BLUE OVERCOATS THAT SOLD REGULARLY FOR \$50.00. We will have to buy these same coats over again for next winter, but we would rather have the money now. Priced at \$33.75.

101 SHIRTS

\$1.19 \$1.69

36 COLLAR ATTACHED SHIRTS. No one liked them so far, but you may know that they are priced at \$1.19.

65 STIFF COLLAR AND NECKBAND SHIRTS. Some are plain, others fancy, and still others are bold. . . . but because they are all mixed up we have priced them down from \$2.50 and \$3.00 to \$1.69.

MEN'S FLANNELETTE PAJAMAS in patterns that are guaranteed to keep you awake. They were \$1.50, but if you are a sound sleeper you can have them for

98c

\$2.00 FLANNEL PAJAMAS, we have got but 27 suits—luckily all sizes are still here. Now they are

\$1.29

10 OVERCOATS that sold for \$25.00 and \$30.00. The patterns are not so good but the coats are warm.

THREE HUB EX-MAYORS MAY RUN FOR SENATE

(International News Service)
BOSTON, Feb. 20.—A triple ex-mayorality battle may be staged in the Hub this year for the seat in the United States Senate, now occupied by Senator Gillett. The three ex-mayors whose names are linked with the report are John J. Fitzgerald, Andrew J. Peters, and Mayor Malcolm E. Nichols. The latter's term as chief executive of Boston expires Dec. 31. Under the present city charter, no mayor may be a candidate for that office two terms in succession.

BLOODHOUNDS TRAINED TO FOLLOW CONVICTS

(International News Service)
PICKENS, S. C., Feb. 20.—They never escape from the Pickens County chain gang thanks to Jim, the "Bloodhound Man." Occasionally a pris-

oner makes a dash for the great open spaces, but a short chase is all he ever gets. No, they never escape.

When a prisoner escapes, Jim Poole, negro janitor at the county courthouse and his pack of trained bloodhounds are called out, and like the Royal Mounted, they always get their man.

NEW YORK TOWN DRIVES AGAINST TRAIN CHASING

(International News Service)
WHITE PLAINS, N. Y., Feb. 19.—Because of increasing deaths due to commuters attempting to board moving trains, an intensive drive has been started throughout Westchester county for enactment of an "anti-sprint-ing law". It would provide fine and possibly imprisonment for commuters caught running for moving trains.

GEORGIA WOULD SPEND \$30,000,000 ON ROADS

(International News Service)
ATLANTA, Ga., Feb. 20.—Georgia would spend \$30,000,000 during the next five years for highway construction under a bill Representative J. F. T. Bowden (D.) of Ware county proposes to introduce in the next session of the state legislature in June.

The Story Of American Industry
Whaling (Part Two—The Whale Hunt)

WHEN THE LOOKOUT IN THE "CROW'SNEST" OF THE WHALER SIGHTED A WHALE, HE GAVE THE WARNING CRY, "THERE SHE BLOWS!" AT ONCE THE WHALEBOATS WERE LOWERED, AND THE HUNTERS ROWED TOWARD THEIR PREY.

SILENTLY AND CAUTIOUSLY THEY APPROACHED THE WHALE. COMING WITHIN RANGE, THE EXPERIENCED HUNTER, WHO STOOD IN THE BOW OF THE WHALEBOAT, HURLED THE IRON HARPOON INTO THE SEA MONSTER AND MADE THE LINE FAST.

WHEN THE FIGHT BEGAN, SOMETIMES THE WHALE, MADDED WITH PAIN, CHARGED TOWARD THE BOAT, AND ALL THE SKILL OF THE STEERSMAN WAS REQUIRED IN DODGING ITS RUSHES. MORE OFTEN THE WHALE DARTED OFF AT A TERRIFIC SPEED, TOWING THE BOAT AFTER IT.

FREQUENTLY THE WHALEBOAT WAS CARRIED MILES AWAY FROM THE SHIP BY THE WOUNDED WHALE IN ITS DESPERATE EFFORTS TO ESCAPE, BUT THE HUNTERS HUNG ON DETERMINEDLY, AND, AT LAST THE WHALE, EXHAUSTED BY ITS STRUGGLES, SLACKENED ITS PACE. THEN THE BOAT DREW NEAR, AND THE WHALE WAS KILLED WITH A THRUST OF THE LANCE.

TOMORROW—CUTTING UP AND "TRYING OUT."

Lawther Rests Five Floor Team Veterans; Prepares For Geneva

(Special To The News)
NEW WILMINGTON, Pa., Feb. 20.—Coach John Lawther excused the first five varsity basketball men from practice on Monday night and gave them but little work last night. The men seemed worn after the hard two-day trip last week and needed rest according to Lawther.

With the tri-state conference race in view of a middle than ever as a result of games last week and this, the Geneva contest here Thursday night is taking on added importance. The Covenanters were able to defeat Westminster at Beaver Falls in January in a game which ended 18-15 after an extra period. With the addition of "Tony" Paulsey, the Beaver Falls team is bound to be even better than it was in January.

"Jinx" Hamas, brother of the famous Hamas brothers of Penn State fame, has been showing up well in practice. It may be that the New Jersey midget will get into either the Geneva or the Wash-Jeff games here this week. In the Carnegie Tech game last week, Hamas made three baskets in as many minutes and played an excellent floor game.

"Bud" Brownie, lanky center from Lock Haven, has been getting into the swing of the Titan system and will be of valuable aid in the contests this week. Marshall Fisher, substitute guard, has shown improved form for the last two weeks. He is a depend-

Wampum Indies, With Powerful Team, Will Invade New Castle For Victory

By "BUGS"
What looks like the choicest basketball morsel of the year will be dished up at the "Y" court this evening, when the Lincolns of the New Castle City League battle the Wampum Indies in a return match. The Castle Five girls will meet a girls team of Braceville, Ohio, in the preliminary. The first game will start at 8 o'clock. This is "Booster Night" for the Lincolns.

The powerful Wampum Indies, supporting one of the fastest teams in the entire county, and one of the leading semi-pro teams in this district, will give the Lincolns a first class battle. Recently at Wampum the Indies took the Lincolns into camp. The locals will be out for revenge tonight. That 39 to 29 defeat still sticks in the memory of the Lincolns.

Locals Seek Victory
The Lincolns are anxious to defeat the Wampumites. The game here this evening marks the tenth meeting of the two teams in six years of competition. The Lincolns have won 5 and lost 4. Each year the Lincolns have eliminated the Wampum team from County championship honors by virtue of victory on the New Castle court.

Max Schmeling's Own Story I DEFEAT RISK

Max hits Risko with a hard right, driving the American back.

By Max Schmeling
CONTENDER FOR THE WORLD HEAVYWEIGHT CHAMPIONSHIP
Written for Central Press and New Castle News.

CHAPTER ELEVEN
THE RISK FIGHT
I was a very nervous fellow the night of the Risko fight. Well-meaning friends had told me all sorts of things about this noted boxer. Risko could not be knocked out. He was tireless. He had a hard punch. He was very smart. He was one of the strongest men in the ring. In fact, it was said that so early in my career I must meet and be defeated by this fellow.

These sayings and the fact that already my managerial troubles had become terribly tangled so that I was not sure who had the right to manage me and just how much of the purse was mine did not make me feel any too good.

However, as soon as I was in the ring, listening to the cheering spectators, I forgot all that and was eager to fight.

After they had pulled my stool from beneath me I stood in my corner, my back to Risko, pulling the ropes and shuffling my feet as I had seen American fighters do. I tried to appear unconcerned.

The bell rang and I rushed at Risko. His first blow told me: "Max, here is a fight." And it was. For the first five rounds Risko gave me the hardest fight of my career. It was all I could do to outpoint him in those rounds.

But in the sixth round he began to slow up. I knew then that my punches were hurting him. So I hit him oftener and harder than I had before.

In the seventh round I hit him so hard that he fell but got up again. In the eighth I knocked him down again. Once more in the ninth I sent him down for a count.

I was getting set for the knockout when Referee Arthur Donovan stopped the fight to save Risko from the disgrace of being knocked insensible. Donovan raised my hand and in all my life I do not believe I heard such cheering.

Ben Franklin And Washington Meet
This afternoon on the Ben Franklin floor a strong contender for the Junior High school floor championship and the leaders of the league will meet at 4:15 when the George Washington junior high five clashes with the Ben Franklin varsity. In the preliminary game the Washington lasses will take on the Franklin maidens who are also leading Junior High girls basketball league.

Baseball Managers Called To Meeting

Plans For Coming Baseball Season Will Be Talked Over At Meeting Next Monday

Baseball managers of New Castle and Lawrence county are invited to attend a meeting at the Sporting Goods Store on East Washington street at 7:30 o'clock on Monday night, February 25th.

The purpose of the meeting is to discuss the coming baseball season, and to plan a league for this summer. Several suggestions have been made as to what should be done this year.

The following teams are invited to send representatives: Ellwood City, Energy, Wampum, Clifton, Plains, South Hills, Mahoningtown, Lawrence, Slovak A. C., Ryantown, Colored Stars, Italian A. C., Bessemer, Hillville, Mt. Jackson, Edenburg and West Pittsburg.

Kindly notify Charles "Bugs" Walther at New Castle News, phone 4000, if you are planning to attend the meeting. It is planned to have a fast eight or ten team league here this season.

East Brook Trims New Castle Hi-Y

The East Brook Hi-Y quintet defeated the New Castle Hi-Y team 42 to 27 in a game played at the "Y" court on Tuesday night. The East Brook team held a lead throughout the contest. Kwiat with 11 field goals was the individual high scorer of the fray. Johns, Rung and Bilger also played good basketball.

The summary:
New Castle—27. East Brook—42.
Pollock... F... Rung... Bilger... Johns... F... Kwiat... Lockley... C... Walas... Stone... G... Alborn... McLaughlin... G... Alborn... Field goals: Pollock 4, Johns 4, Lockley 2, Stone 3, McLaughlin 2, Rung 3, Bilger 6, Kwiat 11.

Fouls, New Castle 3 out of 8. East Brook 2 out of 10.

TO PLAY HOCKEY

Something new in the sport line will take place tonight at Union High gym as an added attraction. It is the playing of a hockey game on the hardwood instead of ice. The rules and regulations of hockey will be followed out.

Well Equipped Gym Now Being Utilized At New Junior High

The gym floor at the new George Washington Junior high school, which dedication exercises will be held on Friday of this week is now arranged as a well-rounded athletic program for the year. Already it has served the basketball teams and gym classes for which it was designed in a most remarkable manner.

The floor is splendidly lighted and heated. Twenty-four lights with wire covers over each and six large radiators serve this purpose. There are two baskets, two on each side and one on each end.

A large clock, a commodious drinking fountain and a gallery comprise the remaining features and go to make the Washington gym one of the best in the city. The floor of the gymnasium is so marked that various kinds of games can be played. Coach Emmett Gillaspie the coach of boys' athletics has chosen his squad to represent George Washington. To date numerous contests have been staged there between other junior high school teams of the city. The Washington contingent has already defeated Christner.

Paulino To Fight Christner Friday

NEW YORK, Feb. 20.—Paulino Uzudun who takes on K. O. Christner here Friday night believes that of boys' athletics has chosen his squad to represent George Washington. To date numerous contests have been staged there between other junior high school teams of the city. The Washington contingent has already defeated Christner.

A CHRYSLER MOTORS PRODUCT

The most economical car in the lowest priced field

Now \$655 AND UPWARDS F. O. B. FACTORY

PLYMOUTH'S exceptionally low operating cost is the direct result of Chrysler engineering, research and manufacturing experience which has produced vastly increased power and smoothness in a modern four-cylinder high-compression engine, while retaining all the inherent economy and simplicity for which this type is notable.

Yet economy is merely the beginning of the greater value Chrysler has built in the Plymouth.

Plymouth is unique in the lowest-priced field in giving full-size seating capacity for all adult passengers — without crowding or discomfort.

Plymouth is the only car in its field giving the positive safety of Chrysler weatherproof internal-expanding hydraulic brakes on all four wheels.

It is the only car in its class providing the distinctive new Chrysler silhouette with slender-profile radiator, "air-wing" fenders, arched-windows, bowl-type headlamps and other striking features of style and beauty.

On every basis of comparison, the Plymouth earns your respect and the immediate conviction that it represents today's greatest dollar-for-dollar value in the field of lowest-priced cars.

Plymouth's 45 h. p. "Silver-Dome" high-compression engine is Chrysler-designed to give smooth, powerful performance with minimum expenditure of fuel. Quality advantages include full-force Ford lubrication, special manifolding, aluminum alloy pistons, silchrome steel exhaust valves, oil cleaners, air cleaner, etc.

The Plymouth is the only car in the lowest-priced field with Chrysler internal hydraulic brakes on all four wheels. Always perfectly equalized, they are weatherproof — protected from dirt, dust, snow and water.

New Wilmington High Is Winner

Defeats Bessemer High In
Championship Game On
Tuesday Night

FINAL SCORE 33-29;
GAME HARDFOUGHT

(Special To The News)
NEW WILMINGTON, Feb. 20.—New Wilmington high school basketball club flashed from behind to top the Bessemer combine 33-29 in the final minutes of the game played on the local floor Tuesday evening and won the county class B championship.

A capacity crowd watched the game and roared away the sound of the referee's whistle as the score was tied at 29-29 four minutes before the end of the contest. Both teams played a surprising brand of basketball, the last-breaking offense of Bessemer featuring the play.

Nord started the scoring when he pulled his team in the lead at the beginning of the game by caging a free throw. Newton of New Wilmington followed with a long shot and Hutchinson scored a foul after Mack of Bessemer had thrown in a two-pointer. With the score at 3-3 the Bessemer team began to forge ahead, Nord, Vlah and Mack tossing in field goals. But with Newton maintaining his stellar role New Wilmington kept aping in the first period and the quarter ended with Bessemer leading by a two-point margin, 11-9.

New Wilmington broke into an offense in the second stanza but the college town players failed to find the basket while Bessemer made good most of its chances. Newton continued to score for the locals but the other blue and gold passers failed to find the basket and Nord, Mack and Vlah continued to roll up points. Scoring nine field goals and four out of five fouls, the Bessemer outfit left the floor at half time with a 22-13 lead over the highly touted college town combine.

At the start of the second half Hutchinson, who had continually missed the net in the first two quarters, found his eye and began to cage two-pointers. Battling again at the Bessemer hoop and tightening up on their back floor play the New Wilmington team slowly overhauled the lead of the visitors throughout the third quarter. The Bessemer basketballers now assumed the role of "misers" and found themselves holding a 29-25 lead as the gun ended the play in the third period.

Intent on victory the college town team entered the final period with an added dash and Hutchinson and Newton found the basket on several occasions. Bessemer retaliated by putting a heart-breaking speed into their offense but wild passes and the defense wall of the New Wilmington team broke up any scoring tactics and Hutchinson tied the score at 29-29 four minutes before the end of the game.

Newton again scored a two-point and put the local team in the lead and Patterson dribbled down past mid-floor and caged a long shot to sew up the game for the blue and gold passers. With a minute to play Bessemer tried desperately to come from behind but failed to hold the ball and the game ended as the local shot again for the visitors' basket.

Newton, Hutchinson and Patterson played a great game for the New Wilmington outfit with Newton claiming the limelight during the entire game, Mack and Nord were the stars of the Bessemer team with Ruchie staging a good guarding game.

New Wilmington scored 14 field goals to 11 thrown in by Bessemer, but the visiting team made good all out one of its eight chances on the free throw line. New Wilmington threw in five out of eight fouls.

The summary:
New Wilmington G. F. Pts.

Girls' Contest.
In the preliminary contest the New Wilmington team defeated the Bessemer team by a 40-19 score.

Miss Minner was high point scorer for the locals and starred throughout the game. Miss Stanish was the star of the Bessemer sextet, caging all but two of her team's field goals.

The summary:
New Wilmington Bessemer
Minner, F. 11 5-10 25
Stanish, F. 10 4-10 20

Committee Will
Meet Saturday

Ralph H. Gardner, faculty manager of athletics at Senior High will go to Wilkesburg on Saturday afternoon for a meeting with Elmer Carroll and "Foxy" Miller, relative to drawing up a set of rules and regulations for the newly created Western Pennsylvania Scholastic Conference.

The meeting will take place at a Wilkesburg hotel at 1 o'clock.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Emmett Rocco goes back into action Thursday night when he battles Yale Okun at the Rayen-Wood auditorium, Youngstown. The bout is scheduled to go 10 rounds and Emmett is in fine condition for the encounter. According to reports reaching here, Okun has been installed a favorite but we hardly believe this true. Emmett has not been boxing as long as Okun but he hits much better. Okun is a more skillful boxer.

It is the first bout of note in Youngstown in some months and Promoter Al Zill hopes that Emmett will prove a tonic to the sport which has drifted to a low ebb across the state line. In fact one of the shows run there recently gathered about \$800 worth of fans. With Rocco on the card and his known ability to fight as the drop of the hat, it looks fair for a nice crowd.

Emmett could have boxed here any time and can any time but Promoter Bill Jolly is averse to raising the price of admission to \$1, \$2 and \$4. Industrial conditions, he believes, makes this impossible. Manager Joe Cumo believes that a \$3 top is what Emmett should have for his boxing and that is the plain, unvarnished truth why Emmett has not boxed in New Castle.

Johnny Rohanna, Cleveland, a member of the Jimmie Dunn brigade, will fight Joe Dinger of the Jimmie Dime brigade. Dinger will have several pounds weight on Rohanna.

Young Guido and Joe Zelman will clash and Jimmy Eagle will take on Joe Stemple. He will have about eight pounds on Stemple. There will be another battle and the crowd should get an evening of good action.

So far the boy who will box George Perotta has not been selected by Promoter Bill Jolly. Several fans have asked the writer why George Perotta has not been matched with Firpo. Personally we know Perotta does not want to box Firpo right now. George has had only one bout in months and he is not his old self.

We noticed a lack of his old time balance, punch and hitting-eye in the tilt with Floyd Hybert. The reason why George went over so good in the first six rounds was due mainly to condition, height, long reach and superior boxing. Hybert's arms are short and Perotta could keep him away.

Another lack of ability was shown when Dick Evans boxed Firpo. Evans, a skilled boxer, looked silly at times against Firpo because he could not hit going away and Firpo kept him going backward. The sock to the jaw in the second hurt Evans and he didn't take any chances until the ninth. He was content to keep going.

Evans' words uttered in Youngstown were all wet. He lost because he would not go into Firpo. Dick would go better with fans if he would fight more viciously. He can box and punch. His right was useless owing to Firpo's style. Aggressiveness was lacking on his part as Firpo forced the battle throughout.

There was a hot fight last night between Joey Goodman and Steve McDonald in Cleveland. McDonald took the decision. In the first two rounds Goodman galloped out in front and in the third there was considerable action but Goodman, caught off balance in the fourth, was floored for a count of nine.

He was groggy at the bell and weak when the fifth opened. McDonald knocked him down for nine. Goodman came back and knocked McDonald all over the ring after he got up by Referee Johnny Kilbane gave the fight to McDonald. Fights like these are the kind that the fans like to see but it all depends on the boxers.

Falcon Juniors Defeat Cleaners

The Polish Falcon Juniors defeated the Smith Cleaners basketball team, 23 to 20, on the Falcon court Tuesday night. It was the first defeat of the year for the Cleaners. The half ended 13 to 7 with the Falcons leading. The playing of Noga, J. Kolodjeski and Sheldon featured.

The summary:
Falcon Jrs. Smith Cleaners
Noga 10 5-10 20
Koskella 3 2-4 8
J. Kolodjeski 3 2-4 8
Burney 2 1-2 4
A. Kolodjeski 1 0-0 2
Subs: Szamrey
Field goals: Noga 4, J. Kolodjeski 4, Koskella 3, DiMuccio 3, Sheldon 2, Mastren, V. Bongivengo and F. Bongivengo.
Fouls: Falcons, 1 out of 5; Smiths, 4 out of 9.
Referee: A. Melalic, Duquesne.

Business College To Play At Plaingrove

The New Castle Business College basketball team will play at Plaingrove tonight. The game will be played at the new Plaingrove High School gym floor. The game will start at 8 o'clock.

The following players are asked to meet at the Spencer Paint & Glass store on South Mercer street at 7 o'clock: Fred Miller, Bill Spencer, Goodhart, Drake, Babosky, Houke, Davies, Rome, Ed. Spencer, DeMuccio, and Figuly.

McLarnin-Glick Are Rematched

Stroner-Traynor Appear Fit For Baseball Grind

(International News Service)
PITTSBURGH, Feb. 20.—Word received here today from Donie Bush, manager of the Pirates who is enroute with ten members of the team for Paso Robles, Cal., was to the effect that Pie Traynor and Jimmy Stroner who boarded the train at Chicago are in fine physical condition.
Some fear was felt over the condition of Stroner, western league flash, who is to fill Pie's shoes at the hot corner while the former pastry maker does his stuff at short because of an appendicitis operation he underwent last month. Jimmy appears as good as ever and Bush has received the assurance from physicians that the player will be okay and ready for the strenuous work of the championship season.

Penn Quintet Is Undefeated

(International News Service)
NEW HAVEN, Conn., Feb. 20.—Pennsylvania's undefeated basketball team is determined to make a clean sweep in the Eastern Intercollegiate Basketball league this season. The Quakers hung up their sixth straight league victory here last night when they defeated Yale 28 to 20. Captain Joey Schaaf, the league's highest scorer, registered 14 points for Penn. The Elis who had been tied with Dartmouth and Cornell for second place dropped to fourth.

(International News Service)
NEW YORK, Feb. 20.—Jimmy Slattery, Buffalo light-heavyweight, has accepted terms for a ten round bout with James J. Braddock of Jersey City at Madison Square Garden on March 11.

Bethany Defeats Duquesne 37-35

Bethany Topples "Dukes" At
Pittsburgh In Fast Tilt;
Take Step Nearer
Title

PITTSBURGH, Pa., Feb. 20.—Bethany college took a step forward in the Tri-State conference basketball race here last night at the Bluff court by toppling the Duquesne University team 37 to 35.

The Davies combination led at the end of the first half 18 to 10. In the second half the West Virginians unleashed a bag of wildcats and outscored the "Dukes" 27 to 17. The game was nip and tuck the entire way. Rush and Telfair led the Bethany attack with five baskets apiece. Benedict and Lubic led the Duquesne team.

The summary:
Bethany—37. Duquesne—35.
M. Rush 10, F. Benedict 10, Baker 10, Telfair 5, Damschroder 3, Markley 1, C. Stephens 1.
Team fouls: Duquesne 11 out of 20; Bethany 5 out of 11.
Individual fouls: Duquesne, Benedict 1 out of 5; Lubic 3 out of 4; Vernon 2 out of 5; Rosenberg 5 out of 6; Bethany, M. Rush 1 out of 2, Baker 1 out of 4, Telfair 1 out of 2, Damschroder 1 out of 2, Markley 1 out of 1.
Referee, Marty Weitzel.
Umpire, Max Hannum.
Time of halves, 20 minutes.

BIG VALUES AT LOW PRICES
Used Buicks and other makes. Suppose a new car is priced at \$1000. Suppose that new car was good for 100,000 miles or more and suppose you could buy that car after 10,000 miles at one half its original price. That explains the value you get in a good used car, bought from a reputable dealer. But come in and look over the cars in our stock. Every car is honestly represented. Every car is a bargain regardless of make or price. Low down payments, your present car accepted in trade.
